SEASON SUMMARY

Two years after the University of Montana opened its doors to students the first football team was organized. Approximately 75 students were enrolled in the Fall of 1897.

Professor Fred D. Smith, Chemistry Professor and former football player at Cornell University volunteered to coach the football team. Twenty-four men turned out. Coach Smith asked the young men from town to turn out and learn football and also scrimmage against the university team. The town men formed a team and called themselves "The Tigers".

The University had a preparatory course in addition to the regular university courses. These boys were eligible for the University athletic teams.

The Missoulian of October 5, 1908 stated, "the football players had a 'bee' preparing ground on the river flat for games. It is considered an excellent place for a game because of the soft dirt and a natural bench, making it an excellent grandstand."

Practices were to be held on Mondays, Wednesdays and Fridays at 5:00 p.m. Interest in football was not widespread in this area. Hardly any students had ever played the game, and many had never seen a contest. No uniforms were available so many of the players used makeshift clothing. By November 18th, equipment had been purchased which made it possible to outfit seventeen or eighteen men.

It was hoped that a game could be arranged with the Agriculture College in Bozeman. As an example of the difficulties of financing the contest, this quote appeared in the Kaimin, "As this will cost about \$250.00, the students are naturally a little slow about making definite arrangements." A committee was appointed to canvas the students and townspeople to see how many would purchase tickets in the event a game could be scheduled.

In the meantime, the university team played three games against "The Tigers," composed largely of Missoula boys. All three games were scoreless and tied. The first game against "The Tigers" was reported in the Missoulian of October 23, 1897, by the society editor. The game attracted so much local interest in fact, that in the Missoulian of October 30th a column and a half was devoted to an explanation of the football rules.

On November 4th came the announcement that a game had been arranged with the Montana Agriculture College to be played in Missoula on Thanksgiving Day. To give the team more practice under game conditions, a contest was arranged with the Butte Business College in Missoula on November 12th. *This was the first regular game that the University of Montana played against outside competition.* The Butte squad scored a 20-10 victory, and the financial statement showed a loss of \$2.00.

For the next 10 days, preparations were very active getting ready for the M.S.C. encounter. The money to pay the railroad fare for the Bozeman team had to be deposited with the ticket agent in Missoula the day before the "Aggies" left Bozeman. There was much scurrying around to get the required amount deposited on time. Attention was then turned toward entertainment of the visitors. This was to take place at residence of Judge Knowles the evening before the game. A reception committee met the visitors at the train, escorted them to their hotel, and later showed them around the city. The Aggies visited the university classrooms and inspected the football grounds, noting with interest the splendid new grandstand that would seat 200 fans. The reception that evening was a happy event, and was well attended by the students, faculty members and townspeople.

With the dawn of Thanksgiving Day came several inches of snow. The varsity students cleaned the snow off the grounds and marked the field early in the morning. The grounds and grandstand were 1897-1898 School Year Continued bedecked in the school colors of the University and the College, and

a capacity crowd was on hand by noon. One reporter's comments were, "the play that day was fast and furious, fierce and fair."

University of Montana won the first encounter with the Montana State College, 18-6. The varsity then scheduled another game with Butte Business College, hoping to avenge an earlier defeat. The Butte team won 26-10 in the Mining City. *This was the first time a University of Montana team played out of the city of Missoula.*

The summary of the 1897 football season was written by coach Fred Smith: "The players received plaudits of their follows and honor of doing something for the University - nothing more." "Let the University of Montana establish and maintain that code of action that follows:

1. Gentlemanly conduct,
2. Strict adherence to amateur rules for players."

And so ended the first year of football at the University of Montana.

Football was the only sport activated during the 1897-1898 school year.

SEASON SUMMARY

Sgt. B.F. Seabright, a graduate and former player at Stanford University, was a coach in 1898. He was engaged by the University as instructor in general athletics. Students raised an initial \$110.00 to help pay the coach's salary.

Organizing a team was almost a repeat performance of the 1897 season. Some 20 men appeared for the first workout. We had scheduling difficulties so a game was arranged with Helena High School. The Helena team was made up of many players from many locations. Therefore, they were called the Helena Athletic Club. Following the game the University Athletic Committee decided not to play a team composed of "pickups" unless they were advertised as such.

The big game was the M.S.C. encounter, the Grizzlies were confident of success but the game proved to be a tough one. The game was in doubt until the final half when Dan Hetfron scored on a 50-yard gallop. George Kennett kicked the extra point and Montana won 6-0. Coach Seabright of Montana and McCormick of the Aggies alternated as referee and umpire.

Montana played the Aggies another game on Thanksgiving Day and Montana won 16-0. **Charles Allard kicked a field goal in the game - the first ever kicked in the State of Montana.**

The Montana team perfected a tandem play near the end of the season which was used with great success in the 2nd game against the Aggies. The work of Dan Heyfron, Oscar Sedman, Hugh Kennedy and Sid Ward was commented upon by local observers during the season.

Coach Seabright departed shortly after the season ended, probably because the University lacked funds to pay his salary. **The Kaimin lamented the State Board of Education's decision not to hire a full-time athletic instructor.**

The Kaimin of January 1899, reported that former coach, Fred Smith, was making arrangements to move the river-bed grandstand to the campus, where a new running track had been built.

It is interesting to note that in the early years of Montana football, the players were, almost without exception, the most outstanding men on the campus in virtually all activities -- debate, dramatics, journalism, and scholastic activities. Ellis Sedman was appointed editor of the Kaimin early in 1899.

There is no record of other varsity sports during the school year of 1898-1899.

SEASON SUMMARY

Prospects for a first class team were not very bright at the start of the 1899 season when Guy Cleveland took over the team. Scarce any of the old players were back and positions had to be filled with untried material.

In the first game against the Anaconda Athletic Club, the coach, Cleveland, played right halfback. He made the two touchdowns and kicked goal both times, to win for the varsity.

Lawrence Heckler, weighing only 115 pounds in his football suit, was one of the pluckiest players ever playing for the varsity. His work as captain and quarterback in the first Bozeman game was phenomenal. Our team was light and composed of "green" men, while Bozeman instilled the confidence into his men. Adams also made the only touchdown of the game, in the second Bozeman game. It was due to the fast work of the varsity backfield and the great defensive end play by Sloan and Marceyes that held the heavier and more experienced Bozeman team.

This year the directors of the Athletic Association were reduced from 6 to 4. One from the Faculty (Aber); two from the Collegiate Department (Sidney Walker and Ben Stewart); one from the Preparatory Department (Sidney Williams).

Kaimin, December 1899, "A basketball team is in the process of organization. There is no good place to practice, but if the weather is favorable the campus can be used." No record of games played.

SEASON SUMMARY

Frank Bean from the University of Wisconsin was selected as coach.

A game with Anaconda failed to materialize, therefore, the only game scheduled was with Montana State College.

The players for the most part were inexperienced, and lack of funds worked a handicap. Some had to play without suits. Practice games were needed.

Coach Bean, at the end of the season, recommended that a manager be appointed to arrange schedules, buy necessary supplies and handle all finances.

William Craig deserves special mention for his work this season, as do also Allard, Graham and Heckler. The game with the Aggies was played in Missoula on a perfect day. The game was lost in the first half. The score being 12-0 in favor of the Aggies. Heckler played with "snap and ginger," clever in running. Allard's work was a feature of the game. The defeat was taken in good spirit and the Aggie's Team was entertained at a banquet in the evening.

Heckler for the varsity and the Flahertys for the Aggie Team did the stellar work of the afternoon. The varsity points were made by Bean and Allard.

1900-1901 School Year Continued

The Kaimin of January 1901 stated, "The Athletic Association will give a ball at the Elk's Hall, Friday, February 8, and the proceeds will be used to defray hospital expenses of football players injured last fall."

There also was a young ladies society organized to help raise funds for the athletic treasury.

Missoula's population at this time was approximately 5000.

No other sports (varsity) were activated during this school year.

1901-1902 School Year Continued

SEASON SUMMARY

Kaimin Editorial, November 1, 1901:

"The desirability of football as a college sport is to be found in the almost unanimous verdict of those who have given it the most careful and thorough consideration, that it is a splendid means of developing sturdy manhood and forceful character, and is worthy of all the support which it receives." Benjamin D. Stewart, Editor

The unsuccessful season was due to the lack of experienced players. We had no experienced quarterback.

The Kaimin reported that the game with Butte High School was unusual. The loss to Butte High School was due to "vicious play on the part of the high school (?) men."

The Butte men were accused of deliberately disabling the varsity players, coupled with the indifference to unfair play on the part of the officials. In this game the Butte High School team was augmented by non-high school men.

The individual work of Hay and Walters among the new men deserves special mention. Captain Allard played his usual phenomenal game all season.

In the Winter of 1902, the Legislature made a provision for erection of a Gymnasium. Also in February 1902, plans were made for initiating a track team.

To raise money, an all-varsity play was given at the Union Opera House - "The Octoroon" and \$100 was raised. This was to meet obligations incurred by the athletic association during the 1901 football season. The New Year's Eve ball proceeds also went to the Athletic Association.

BASKETBALL

The first mention of basketball was June 1901.

An outdoor basketball court was laid out on the lawn south of old Science Hall. The Kaimin of June 1901 stated: "The Preps (preparatory students) and the Collegiates met in deadly combat on the basketball grounds not long since. The preps scored 18 to the collegiates 11. Hurrah for the PREPS! It was nobly done."

GIRLS BASKETBALL

Girls Basketball was popular in Montana at this time and so the University organized a team.

The Kaimin, May 1901 stated:

"Basketball suits arrived and now the "fair ladies" with tousled hair are seen desporting gracefully about the campus."

The Kaimin, June 1901 stated:

"The girls are practicing for a basketball game on Field Day. It will be an exciting event, and it will be the first public event of its kind in the history of the University."

1901-1902 School Year Continued

The Kaimin, October 1901 stated:

"The first time in history a girls basketball team will be organized and will play Butte. Games are also scheduled with Helena High School. The University coach is Miss Barnes.

The first girls team players:

Forwards - Margaret Ronan and Eloise Rigby

Center - Mabel Jones

Guards - Meriam Hathaway and Lucia Merrilies

Subs - Thula Toole, Ethel Barnes, Fay Murray, Evelyn Polleys, Caro Wells, Maud Burns, Ona Sloane, Mildred Corbin."

No formal University teams were organized for basketball, track or baseball.

SEASON SUMMARY

This season saw the organization of the **Northwest Intercollegiate Athletic Association**. Nine Northwest colleges were represented at a meeting which was held in Spokane.

The conference was to consist of:

- University of Washington
- Washington State College
- University of Oregon
- Oregon Agriculture College
- University of Idaho
- Whitman College
- University of Montana

The regulations provided for a governing body composed of one representative from each school. They also defined "amateurs" and "professionals" and made eligibility rules.

Professor J.M. Hamilton represented the University of Montana at this meeting.

The conference members were to compete in football, basketball, baseball and track.

Two and sometimes three teams were out for practice this year, but nearly all the players were "green" men. Very little comment on the two games played is available. The School of Mines game was characterized as a clean game, stubbornly contested. The Miners had a much heavier team, and the home team was very weak on defense. Special mention was given to **Walters, Hay, Russell, McPhail** and **Latimer** in this game.

From Kaimin, October 15, 1902

"There will be two medals given this year to the members of the football squad who had the best all-around punting and most faithful playing. The punting medal will be given to the one making the greatest distance on a punt, drop and place kicking combined. The other will be given to the one making the greatest distance on a punt, one having the best all-around average."

From Kaimin, December 15, 1902

"Defeat of the football on the gridiron this season is not taken very seriously by the members of the school, as they fully realize that conditions were such as to make it almost impossible to put up a team good enough to defeat the experienced players of the state with so little time to develop." The average age of the players was about 19 this season. A foundation was being laid, and expectations were that in two or three seasons, a strong team would result.

From Kaimin, December 15, 1902

"We are pleased to learn that a permanent Athletic Director may soon be procured." At this time the new gymnasium was being built.

Hay and **Walters** of this year's squad were outstanding.

1902-1903 School Year Continued

In December 1902, the first meeting to organize a basketball team was held, so 1903 was to be the first basketball season.

The athletic affairs of the school were controlled by the Athletic Association, composed of the entire student body, working together so as to promote the various athletic interests. The Association had officers who carried on the actual work of the Association, the faculty supervision was also given to this group. The Association sponsored many events, such as plays and dances, to raise money for the athletic fund. Other organizations on the campus also sponsored events whose proceeds went to the athletic fund.

Early in the spring of 1902, bonds amounting to \$40,000 were sold; a building commission was appointed and contracts let for two buildings - a dormitory and a gymnasium. (The first gymnasium was situated where the Student Union of 1968 now stands.) The next gymnasium was built in 1922.

The 1902 football coach, DeWitt Peck, was a Deer Lodge boy. He played football at Iowa State College, and took training instruction from Glenn Warner, Meyers and Clinton of Leland Stanford, and R.G. Clapp of Yale University.

Glenn Warners statement relative to the tenure of a football coach: "When the substitutes become alumni, it is time to move on."

BASKETBALL 1902-1903

The Kaimin, January 15, 1903

"The opening of the gymnasium is eagerly looked forward to by the basketball players, both boys and girls."

The Kaimin, February 15, 1903

First mens basketball game.

Friday, January 23, 1903 - Union Opera House.

The teams were "The Midgets" composed strictly of 3rd year preparatory students and the Tzi Dal Tais - who belong to one of our numerous secret societies.

"The Midgets" won the game 25-19.

SEASON SUMMARY

This season marked another memorial event. The 1903 team was the first University football team to be sent out of the state to compete in an athletic contest.

The big event of the season was the trip to Washington and Idaho. The varsity team left Missoula on Tuesday, November 22nd. They were to play Idaho on November 23 and Washington State College on Saturday, November 26th.

The trip was enjoyable; the scenery, beautiful. The team stopped in Spokane and viewed the Spokane Falls.

This season of 1903 saw a training table provided at the dormitory and sleeping quarters for them were arranged in the gym.

Hiram Conibear, the coach, had been a member of A.A. Stagg's team at Chicago. In 1902 he coached at Illinois University.

BASEBALL 1904

The Sentinel of 1904 stated:

"Baseball received very little attention compared to football and track. The principal reason, probably for such is the fact that the schedule that had been arranged, was broken up so that it made it impossible to have games with but one college team in the state and we were compelled to seek contests with other organization."

SEASON SUMMARY

Hiram Conibear will be remembered by University of Montana fans for at least one contribution -- his 1904 team ran up the biggest score in football history against Montana State College, 79-0 (still a record in 1970). It also should be noted that the 1904 team was the strongest, up to this point, in the history of the University.

Kaimin, October 1904

"Coach Conibear has already set up the training table and most of the players are now staying at the tent."

Kaimin, January 1905

"Coach Conibear was presented with a fine stop watch by the football players."

The practice game with Fort Missoula was won by the varsity 10-0, and was attended by a large crowd who stood in a drizzling rain throughout the contest. The next 2 games were with the University of Utah on Oct. 15th and on Monday with the Utah Aggies. They had to have 2 games to make expenses for the trip.

The University of Utah were older and more experienced and won 19 to 0. On the same day the second team played Butte High School in Missoula and won 11-0. At this game, two-minute bulletins giving the progress of the Utah game were read - which is probably the first time that frequent telegraphic reports of away-from-home games had been sent back to Missoula.

The varsity played the Utah Aggies the following Monday and won 5 to 0. This was a big victory as the Aggie team was far heavier. Most of their men were giants. They averaged 208 pounds and the smallest man was 6'1" and weighed 190 pounds.

The next game was with Washington State in Missoula. **This was the first time a football team from an out of state school ever played in Montana.** Montana scored their touchdown by a succession of line smashes by McLeod on the "tackle back play". The goal kick was attempted from a difficult angle and missed. W.S.C. won 6 to 5.

This year the varsity began to be called the "Bears" at the W.S.C. game, "Teddy", the mascot, amused the crowd by doing a cakewalk. "Teddy" was a bear belonging to the Greenoughs. The bear was taken on trips as a mascot. He died during the winter.

On Thanksgiving Day, the largest crowd ever to come to a Montana football game had assembled. The stands were beautiful in the copper, silver and gold of the varsity and the blue and white of the State College.

Montana surprised everyone by winning 79-0. Every player was a star. The uniform interference by McLeod and Johnson was much admired. Holmes, Cary and Adams set the crowd wild with their spectacular runs, and Murphy, Walters, Earl Greenough, Garlington and Fisher made channels through the Aggie line. McPhail played a masterful game. The whole team was a machine of precision and effectiveness.

Montana State College was so humiliated that they would not schedule another football game until they thought they could win. The next game was in 1908 but, as usual they lost. University of Montana-5, Montana State College-0.

Robie Holmes made the longest run in University history. He returned a kick-off 100 yards for a touchdown. Emil Adams also returned a kick-off for a touchdown.

The Kaimin: Lawrence Goodburn - Sports Reporter.

"The football season was a decided success from the players standpoint. The financial side has

not been at all successful. The game with Bozeman was the only one that paid expenses. We now owe something over \$300 which we hope to wipe out by subscriptions from the students and faculty."

John McLeod was elected captain of the 1905 team.

"Berlin University is the largest university in the world. This year it has a total matriculation of 7,724."

SEASON SUMMARY

Kaimin, December 1904

"Basketball practice has begun with the brightest outlook this game has ever had since its entrance into the University of Montana athletic program."

Coach Conibear had permission to schedule all possible games provided it did not put the athletic department in debt.

All of last year's men are back - McPhail, Garlington, Johnson, Farrell, Goodburn. We also have several new men - Wenger, Hurley and Davidson from Anaconda, Gilham from Townsend and King and Fisher from Carlisle.

Kaimin, January 1905

"Basketball has died a natural death with two excuses:

1. It is not a mans game.
2. We do not have the money to lose on it."

"Coach Conibear has done away with basketball for this year and is devoting his time to the furtherment of Vaudville performance. Those wishing to take part in the big show call around at his office and show him your ability."

Coach Conibear evidently was not very interested in promoting basketball as a university sport. Basketball was also stopped in the 1903-1904 season and baseball was stopped in the inglorious manner.

Kaimin, January 1905

"If anyone doubts what we stated concerning basketball let them read 'Outing' for January 1905. Moreover the game was recognized at the Louisiana Exposition and due attention was given it. This shows that it is a "Man's Game."

"There is quite an interesting fact which is brought to light when one questions the source of dandelions. In the early days there lived, in the block now occupied by the M.M. Co. and Union Block, an old gentleman by the name of Judge Promroy. He had a great mania for flowers and also for early vegetables. He was also particularly fond of greens made from the dandelion. So he sent east for seed and planted it in his garden. Of course they were considered a beautiful flower and they quickly spread. Soon they began to take the place of grass, and now (1905) if the old gentleman should chance to stroll through the 'Garden City' he could easily find abundance of evidence of his handiwork."

Coach Hiram Conibear resigned from the University following the 1904-1905 school year. He went to the University of Washington where he eventually became internationally famous.

He developed the "**Conibear Stroke**" while coaching crew at the University of Washington. His method brought immediate success. The University of Washington's crews were national leaders for

The boat house at the University of Washington is named "**The Hiram Conibear Crew House**" in his honor.

This year again football was the main collegiate sport.

Token efforts were made to increase interest in basketball, baseball and track.

In 1917 Coach Hiram Conibear fell from a tree and died.

SEASON SUMMARY

Montana was a member of the Northwest Intercollegiate Conference along with Montana State College, University of Washington, Washington State College, University of Oregon, Oregon State College, University of Idaho, and Whitman College. However, games were scheduled with only a few members.

1905-1906 School Year Continued

In the game against Utah, Montana was outweighed 20 pounds to the man.

Following the 42-0 loss to the University of Utah, the Kaimin stated: "the townspeople are becoming disgusted with the University football record. We do not like to censure when the boys were fighting so bravely, but we should like to win a game occasionally".

In the Washington State game, Bob Cary recovered a fumble and ran 99 yards for a touchdown. In the game against Utah State College he scored 3 touchdowns.

The season as a whole was unsuccessful; however, the competition was real tough.

Kaimin, March 1906

"There is sentiment afloat to drop baseball and concentrate on track. Baseball has become a secondary sport in many of the college of the middle west. Wisconsin has only kept baseball by a close vote for several years. At Michigan only a few students are engaged in baseball while track is becoming more popular each year.

The University of Utah (800 students) has voted to drop baseball and concentrate on track. Baseball, strictly speaking, is not a college game."

SEASON SUMMARY

Preliminary training started with none of the previous year's varsity on the field. Most of the candidates had never played football and some had never even seen a game. Later, three members of the 1905 team came out.

1906-1907 School Year Continued

A writeup of the 1906 Season by Coach Schule in the yearbook. He says "as interesting and as spectacular a game of football as the writer has seen in the far west was played on the Montana field on October 19th. Our men succeeded in holding Washington State's undefeated team to the closest score made against them this season. W.S.C. scored against us in the last few minutes of play after Montana had been penalized 30 yards."

The Kaimin of this season says: "How long, some may ask, will we continue to lose games? The answer easily given is: just as long as our men continue to go to some other school when they have learned the rudiments of football. This year only three who had been on the team were back."

As a member of the Northwest Conference we actually played very few members.

The Athletic Association was controlled by a Board of Directors consisting of one faculty member and three students. The only sports sponsored by A.S.U.M. were football, basketball, baseball and track.

The Spokesman Review sponsored the selection of an All Northwest football team.

The coaches of the Northwest Conference selected the team.

Coaches who voted were:

1. J.G. Griffith - University of Idaho
2. E.M. Sweeley - Washington State College
3. O.F. Cutts - University of Washington
4. E.J. Smith - Whitman College
5. Bruce Shorts - University of Oregon
6. A.C. Steckle - Oregon State College
7. Fred W. Schule - University of Montana
8. A.H. Harbaugh - Montana State College

Each coach was asked to exclude from consideration the players of the team he represented.

FOOTBALL RULE CHANGES

1. Ten yards instead of 5 must be gained in 3 downs.
2. One forward pass is allowed by the offense.
3. As soon as a kicked ball touches the ground or strikes an opponent both sides are "on side" and so any player on either team may get the ball.
4. Halves shortened from 35 minutes to 30 minutes.

The 10 yards in 3 downs rule should result in more trick plays and wider end runs and more kicking.

The forward pass must be made from behind the line and ends are eligible. (The forward pass proved to be a disappointment to some.) A forward pass requires new skill which takes a great deal of practice.

The "on side" kick change was the most radical change (games were decided by short well placed kicks - 10 to 15 yards). This was a big advantage over the forward pass.

The greatest difficulty in successful forward passing lies in the **touching** or **catching** the ball before it touches the ground by a player of the side which has possession of the ball; for the ball goes to the opponent on the spot from where the ball was passed forward, if, before touching the ground it fails to touch an opponent or a player entitled to get it of the side having passed the ball forward.

Kicking was used to a much greater advantage than the forward pass, the kick was used as a ground gainer. Everyone was eligible to recover a kick.

1907-1908 School Year Continued

SEASON SUMMARY

This was the first year that letter sweaters were awarded.

All of the players listed received "M" awards, although McLaren, Cullan and Davidson had not met the requirements of having played three full halves.

The Athletic Department had a deficit of \$793.30.

Kaimin, November 1907

"The game with School of Mines November 8th finally decided the State Championship. Montana, the winner because of the victory over the School of Mines on October 25th."

This was the first time that the University had won from the School of Mines.

INTERESTING INFORMATION

The Universities of Idaho, Washington and Oregon are trying to form an Athletic Conference which will arrange all schedules and bar freshman from competition.

University sweater awards were donated by Missoula Mercantile, D.J. Donahue, Gannon and McLeod, C.H. Marsh, Howard Spa, Martin Co., F.C. Stoddard and the Golden Rule Store.

Coach Findley had been a member of the All-Western Conference team while attending the University of Wisconsin.

Kaimin, 1907

"It has long been our well-founded belief that a fair, clean contest in Butte is an impossibility. This game, however, changed this opinion for it was featured by faultless decisions and clean playing."

INTERESTING INFORMATION

"The school annual had this to say about the 1908 football team: Due to a ruling that the faculty made at the beginning of the 1908-1909 school year that no professional coaches should be employed to train any University team. The football team was somewhat handicapped in getting down to work. With Coach White on the field, improvement began and continued throughout the season."

Kaimin, October 1908

Inauguration of Dr. Clyde Duniway as University President.

Our Athletic Policy - Dr. Clyde Duniway

"Competitive sports should minister to the needs of virile men for physical development for the spirit of fair play, for recreation of the mind. To win today, to lose tomorrow, this lies in the hazards of sports. Provided only the contest be keen, the rivalry generous, the score close enough to be interesting, there should be no real sting in defeat, no delirium in victory. So let us have clean athletics."

Physical Director Rhodes attending a meeting in Helena to determine eligibility of athletes in all Montana colleges.

SEASON SUMMARY

This was the first Montana football team to be undefeated.

The Montana Intercollegiate Athletic Association met in Helena, March 17, 1909. Physical Director Rhodes represented the University.

Schools represented were: University of Montana, Montana State College, Montana School of Mines and Wesleyan College.

They passed the following regulations:

1. A student must pass 12 credits the previous semester.
2. Complete lists of bonafide students shall be sent to all members of the Association before the 20th day of October and the 20th of February each year.
(This will cut down the playing of imported athletes.)
3. Defined professionalism.

Bill Ittner proved to be the best man who had represented the University up to this time. McIntosh, the Aggie Coach, after losing to the University stated, "Just too much Ittner."

BASKETBALL 1909-1910

The Annual (Sentinel) stated:

"A good schedule was arranged and Mr. Whistler of the Forest Service worked hard to turn out a good team, but the men did not show up for practice and so the schedule was abandoned."

BASEBALL 1910

The Annual (Sentinel) states:

No baseball team was organized this year.

1912-1913 School Year Continued

SEASON SUMMARY

This was the first year a touchdown counted 6 points.

This was the first year the team became known as "The Grizzlies."

Rule Change:

A forward pass may be longer than 20 yards.

A place kick was used for the 1st time to score. First used in 1897 between University Chicago and Notre Dame. Ball was kicked from 8 to 12 yards behind the center. Notre Dame Coach Earl Herring developed and practiced the play. Notre Dame's 1st attempt scored a 35-yard field goal. 16 players made the trip to Bozeman.

INTERESTING INFORMATION

During one practice a Great Dane owned by Coach Weisel bit Ed Craighead and Tom Busha. —

The daily paper, The Sentinel, stated:

"The Montana Team has the best coaching in the land."

October 10, 1912 - 220 student enrolled.

Robert Cary, popular Athletic Director and Coach, passed away suddenly on September 19, 1912.

Professor W.W.H. Mustaine, for ten years Athletic Director of the University of Kentucky, was elected to succeed the late Robert Cary as Athletic Director and arrived to take up his duties November 20, 1912.

The football coach, Lt. Philoon, was an All American player (center) at West Point.

The football field was reduced from 110 yards to 100 yards with an end zone behind each goal line.

Kickoffs were made from the 40 yard line instead of the 50 yard line.

This was the best team that Montana had yet produced.

Undefeated and one scoreless tie with Idaho.

A team of outstanding men: Bentz, Guerin, Owsley, Daems, Clark, Burris, Vance, Robertson and Keeran. Robertson was an especially outstanding field general and was excellent on punt returns. Clark was a fine pass receiver and very fast getting down under punts.

The Idaho game was played on a very muddy field.

Montana made nine 1st downs - Idaho 2.

Montana made 148 yards from scrimmage - Idaho 58.

John Keeran weighed 223 pounds before the game. He weighed 307 pounds after the game - 84 pounds of mud.

A training table for the team members was set up at the University apartments, across the street from the Hellgate High School. The team members received their board and room. This was the first training table sponsored by the Athletic Department.

INTERESTING INFORMATION

George Varnell (football official and sports writer for the Seattle Daily Times) in choosing his All-Northwest eleven, confined himself to conference members but stated that were Montana a member, Alfred Robinson and Chris Bentz would supplant his choices.

"Victory over Washington State College was probably as sweet to Keeran and Vance as anyone else, if not more so. Both of them played the game of their lives against their former teammates and it was surely a true case of 'where friendship ceases'." - from the Kaimin

A.S.U.M. passed a rule: captains of teams will receive black M's instead of the maroon. Men earning 3 letter awards in one sport will receive blankets.

The first blanket ever awarded went to Merritt "Punk" Owsley, captain of the 1914 football team.

Richard Howell of the Law School wrote the song: "Up With Montana"

Kaimin, November 19, 1914

North Dakota State played unsportsmanlike football - playing illegal plays and trying to slow up the game. Caulkins, Aggie midget quarterback, had a way of attaching himself to the belt of Bolsinger and advancing the ball. On one occasion he made about 20 yards and his feet hit the ground three times. Luckily, Dornblazer (the official) saw him and they were called back and penalized.

SEASON SUMMARY

Kaimin, March 17, 1915

The student body voted unanimously to support baseball as a University activity.

Athletic teams now sponsored by the University are: football, basketball, baseball and track.

James Brown and Wingfield Brown are not related. (track-not baseball)

The Annual (Sentinel) stated

"Even the gray-whiskered pioneers, who watch so closely the progress of the University, had to scratch their heads hard and long before they could remember an **official** baseball team from this school."

SEASON SUMMARY

The University Annual made the following statement relative to the Syracuse game:

The University of Montana reached a pinnacle of fame that time cannot cloud, for each Thanksgiving will freshen the remembrance of that un hoped for day. Some day a student will compose an epic of that occasion, for it affected not only Montana, but the whole country, for the Grizzlies trampled all over the reputation of an eastern superiority that does not exist.

Syracuse University were champions of the East and were scheduled to play the University of Oregon. They stopped off to play Montana enroute to the coast.

The biggest game of the season and one of the biggest in Montana history came Thanksgiving Day, when the powerful Syracuse University team invaded Missoula for the first intersectional game in the state. Syracuse had the best team in the East and came here with a record of having scored 256 points to their opponents 3. The Grizzlies played their opponents off their feet and only fortune favored Syracuse as it came out a 6 to 6 tie.

Earl Clark, end, and Alfred Robertson, quarterback, were named on the first All-Northwest team.

Chris Bentz and John Keeran were named to the 2nd All-Northwest team.

Earl "Click" Clark was also named on Coach Horr's (Syracuse) all-opponent team. Clark was selected Captain of the 1916 team.

More on the Syracuse game:

Montana apparantly scored a touchdown in the 1st quarter of the Syracuse game. Blackwell fumbled after crossing the goal line and Syracuse recovered the fumble. (In 1915 a player had to ground the ball while in his possession to score a touchdown.)

"Click" Clark scored on the recovery of a free kick (field goal attempt). This was okay in 1915. Chick Meehan, All-American Quarterback, scored for Syracuse late in the 3rd quarter on the "Goose Play". (quarterback sneak)

SEASON SUMMARY

Although Chris Bentz, Lawson Sanderson, John Keeran and Claude McQuarrie also sparked another good team, most of the accolades should go to "Click" Clark, the speedy end who later (1924 and 1925) returned to the University as head football coach. One of the most spectacular rallies ever staged in the Northwest was a feature of the last game against the University of Idaho. "Click" Clark, who had successfully upheld a game of national scope during the season, covered himself with glory in this, his last game for the Grizzlies.

Montana ended the season by taking a 20-13 thriller from Idaho. The Grizzlies trailed throughout the game by 13 points. With 10 minutes left to play they opened an offensive that netted in 20 points and victory. First, Keeran scored, then Clark caught a long pass for a touchdown. Then with time running out, Clark intercepted an Idaho pass and raced 95 yards for the winning points. Clark played all four quarters with a broken hand.

Another note on the Idaho game: Keeran, ordinarily a guard, was converted to halfback near the end of the game so that he could score the only touchdown of his career. Keeran later became a judge in the state of Washington.

Claude McQuarrie moved on to become captain of the Army team in 1919 and later retired as a Brigadier General after the Korean campaign.

Lawson Sanderson also entered the service for a long career and retired as a Major General in the Marine Air Corps.

INTERESTING INFORMATION

Coach Jerry Nissen returned from the Northwest Conference meeting at Seattle with the news that Montana had been admitted to the Northwest Conference. The Conference had been in existence for 8 years and Montana was the first school to be added.

SEASON SUMMARY

Student Annual:

The great exodus of athletes from Montana varsity soon after the declaration of war upon the Huns brought the track season to a close before it was started. Because the same thing happened at the other universities in the Northwest Conference, track schedules were cancelled throughout the west. The Spring of 1917 was Montana's big chance to win fame at a conference meet. With "Blitzen" Bentz (West of the Mississippi Champion discus hurler) in the pink of condition, Big John Keeran, primed to beat his own state record in the shot put, and such cinder favorites as "Boob" Frederics, "Webb" Jones, Harry Adams, and Grant Higgins wearing Grizzly suits, Montana's chances for a successful season seemed brilliant indeed.

The call to arms was heard by sprinters first - also the call by cupid's draft board. Frederics jerked off his spikes in April and joined the Aviation Corps. Jones followed suit and incidentally put himself on record as the first war-bridegroom. Adams enlisted soon after the close of school.

Among the freshman candidates for the team there was one outstanding star. That was "Dutch" Molthen, an interscholastic track artist who had won fame for himself at Butte High School and at the big Alonzo Stagg Meet in Chicago. ("Dutch won the 440, 880 and Mile runs at the Montana Interscholastic Meet in Missoula). Also among the frosh athletes were Marcus Cook, who later lost his life on the Tuscania, John Southwick, Louis Dennie, "Swede" Dahlberg and "Dutch" Schrumpf. Lyle Hodson, a junior, was showing regular aviation form in the high jump.

That little word "if" has grown very trite, but the Spring of 1917 was the Grizzlies big chance to enter the calcium glow on the track stage.

SEASON SUMMARY

Gigantic tackle, Chris Bentz, who later earned a spot on Walter Camp's All-American team in 1918 while in the service, did everything in 1917 - including coaching the team. But with only a handful of veterans in camp, the Grizzlies had a disappointing season. One definite highlight though was the hard-fought 9-7 upset over Montana State.

The Grizzlies, in fact, lost a number of coaches and former coaches during the year. Jerry Nissen became sick early in the season and did not fully recover until the campaign was finished. Former Athletic Director and Coach Hiram Conibear was killed by a falling tree in Seattle - at the time he was a crew coach at the University of Washington. Another former coach, Roy White, was killed in China during a battle between Chinese Federals and insurrectionists.

After Coach Nissen took sick, Bentz took over for several weeks, alternately plagued by the fact that 10 men were declared scholastically ineligible and also on the part of many players to enlist in the service. As an example, Tom Mathews booted two field goals in the first game against Utah State then left immediately to enlist in the Aviation Corps.

Then Assistant Coach, George Weisel, who played quarterback at the University of Minnesota, took over. All but 2 of Montana's ineligible players were back on the field, but the Grizzlies still lost 14-3 to Whitman.

Next came the Montana State College tussle and the odds favored the Bobcats. "The bettors had not reckoned, however, of John Christian Bentz grabbing a fumble and pounding 15 yards to win the game with only 4 minutes left," says the Kaimin. Montana tallied a field goal early in the game, and the Bobcats retaliated with a touchdown which seemingly put the game on ice. Commended for their play were Driscoll, Layton, Dahlberg and Sullivan.

Washington State and Idaho ended the dreary season with victories over Montana, the only consolation being the selection of Bentz as an All-Northwest tackle. Layton won a position on the 3rd team.

Coach Nissen resigned at the end of the season to join the Army. The coach had compiled a record of 14 wins, 7 losses and 4 ties in 3 seasons.

The Kaimin adds this flowery note:

"Football stalwards from every college in the nation left the gridiron this season to carry on the fight in Flanders Fields. The Montana turf lay untrampled by the tread of cleated feet until the armistice." (November 1918)

SEASON SUMMARY

The 1919 season opened with a new coach, Bernard Bierman, who had just returned from service in the Marine Corps. Since the war and the influenza epidemic made it impossible to field a team in 1918, the experienced football material was practically negligible. However, Montana was further handicapped by a new Northwest Conference rule. This rule prohibited the playing of freshman. **This was the first year that freshman were not allowed to play.**

Players returning from the 1917 team were Harry Dahlberg, James Harris and Steve Sullivan. George Scherck, who had been a member of the 1916 team also returned and he was elected captain. This was one of the smallest teams in University history with an average weight of 156 pounds. Under these circumstances Montana had a successful season.

Montana State College were heavily favored to win the 1919 game. The Grizzlies played the Bobcats to a 6-6 tie. Harry Adams broke loose for a 71-yard touchdown and Homer Taylor of the Bobcats countered with a trick play from the 30-yard line to tie the score.

INTERESTING INFORMATION

Bernie Bierman, the new coach, was an All-American halfback at the University of Minnesota in 1915.

More than 200 male students were enrolled at the University in the Fall of 1919; thereby, making freshman ineligible.

Kaimin, September 30, 1919 stated that over 700 had registered.

Professor Aber, who had taught 24 years at the University and in whose honor "Aber Day" was established, passed away. Professor Aber had encouraged students and faculty to keep campus free from litter. So one day each Spring was set aside as "Aber Day" and students and faculty worked to clean and improve the campus. This tradition was carried on for many years but was ended when President McFarland substituted spring vacation in lieu of "Aber Day."

1919-1920 School Year Continued

The Northwest Conference consisted of the following schools:

- University of Washington
- Washington State College
- University of Oregon
- Oregon State College
- University of Idaho
- Whitman College
- Willamette University
- University of Montana

Christian Bentz, who was picked on Walter Camp's All American service team, is now a cashier in a South Dakota bank.

Lawson Sanderson is an aviator in the U.S. Marine Corps.

Leonard "Belgian" Daems, captain of the 1915 team, is head football coach at the Montana School of Mines.

Jack Layton, captain-elect of the 1917 team, is playing center for the Multnomah Club in Portland.

John "Butter" Driscoll is playing end for Creighton University.

Earl "Click" Clark, captain of the 1916 team, is in charge of the government employment office at Everett, Washington.

Alfred Robertson, the greatest punter and quarterback ever turned out at Montana, is playing in the backfield for Dartmouth University.

The University varsity lettermen organized the "M" Club.

Harry Dahlberg was elected President.

The "M" Club recommended that all lettermen receive a permanent admission card to all athletic events.

SEASON SUMMARY

Herbert Vitt completed his 3rd year as captain of the baseball team.

Kaimin, May 4, 1920

"Doc" Schreiber recommended that the University employ a graduate manager. The graduate manager's duties will consist of all athletic work that has formerly been done by the A.S.U.M. manager.

INTERESTING INFORMATION

Dr. H.G. Merriam, who was head of the English Department until his retirement from the University, played in the first game of baseball staged at Oxford University, England. In the Fall of 1904, Dr. Merriam was among the first group to receive an Oxford scholarship. With an axe handle as a bat, a left-handed first baseman's glove and 3 fielder's gloves, the first Rhodes Scholars from the United States introduced our national game in the Fall of 1904.

"M" men began the tradition of wearing their letter sweaters every Thursday and at all athletic contests. Requirements for earning a baseball award were as follows:

1. Play at least 5 innings of 4 conference games.
2. Games with Montana State College counted toward awards.

SEASON SUMMARY

Probably no season up to this time saw more "firsts" than in 1920. The Grizzlies beat the University of Washington for the only time in history. Montana's football field was moved to just north of the men's gym. The field was named "Dornblazer Field" in honor of Paul Dornblazer, the great Grizzly tackle, who was killed in action in World War I. Finally, the Grizzlies ran up their biggest score in history, a 133-0 pasting of Mt. St. Charles.

After the field was located, Captain Harry Dahlberg spent all summer raising a good crop of grass. Thirty men reported for practice and a training table was set up in Craig Hall.

Harry Adams proved to be the hero in the 18-14 upset over the University of Washington. The Grizzlies' field general scored 1st on a 7-yard end sweep, then returned a punt 60 yards for the 2nd touchdown. Earl Barry intercepted a pass late in the game to provide Montana with the winning touchdown. Washington scored its goals late in the game and were badly outrushed, 443 yards to 207, by the Grizzlies.

Tom Spaulding, Professor of Forestry, saw the Washington game and said that it was the best game he had ever seen and he had seen them play in the east and in the west. "Even the old Syracuse game that we all recall so proudly was over-shadowed and out-played by that fight in the rain on Denny Field."

Injuries to key men proved very damaging to the already limited number of qualified players. As a result of these injuries, Montana was unable to perform as well as they did in the Washington game.

The Grizzlies ripped the Montana State College line to shreds and circled the ends at will in a 28-0 title defense before a Homecoming crowd. Montana made 18 first downs to one in the first half. Dahlberg, Freeman, MacGowan and Daylis were considered the best Grizzly linemen during the season, while Adams and Sullivan were great backs

As of now, April 12, 1971, ecology environment and pollution are popular topics of the day. "Clear cutting" and destruction of our forests are receiving considerable criticism from the news media, ecologists, and the general public.

A cartoon in the Missoulian April 12, 1921 (50 years ago) denotes some of the thinking relative to "Clear Cutting" at that time.

The cartoon (April 12, 1921) shows acres and acres of tree stumps. Uncle Sam is sitting on a stump along with a man representing the lumber industry on another stump.

Uncle Sam says "100 years from now we won't have any timber left at all unless you begin reforestation now".

The man representing the lumber industry says "What of it"? My lease runs out long before that".

SEASON SUMMARYFOOTBALL 1921

Harry Adams joined the staff as assistant coach.

Aside from the traditional victory over the State College, Montana did nothing spectacular during the season.

A squad of 20 men journeyed to Seattle hoping to repeat the 1920 win over Washington. Sullivan scored the only goal as the University of Washington ran to a 28-7 win on a muddy field. Next the Grizzlies lost a 14-6 battle to a big Whitman line, and also a 35-7 defeat at the hands of Idaho.

1921-1922 School Year Continued

"Another triumph was added to the long string that embarrassed the Aggie fans, when the University defeated the State College on Gatton Field by a score of 14-7". The year book quotes, "Sullivan and Plummer were the offensive stars".

North Dakota State came next, and the Grizzlies walked off Dornblaser Field with a narrow 7-6 win. Tom MacGowan scored for Montana on a recovered fumble and Sullivan kicked the vital extra point.

Gonzaga completed the season with a 0-0 tie in Spokane.

INTERESTING INFORMATION

Paul Dornblazer was one of Montana's greatest football players.
The football stadium is called "Dornblazer Field" in his honor.

Kaimin, April 26, 1922

"Paul Dornblazer's Sigma Chi pin and gold football (1914 football team was undefeated) was found on a street cat conductor in Van Buren, Arkansas. He said he took it from a German prisoner of war who had taken it off the body of Dornblazer when he was killed in World War I."

INTERESTING INFORMATION

Bernard "Bernie" Bierman, head coach of football, basketball and track at the University of Montana for the past three years resigned his position at the close of the 1922 school year. After working as a bond salesman for a year he decided to return to the coaching field.

"Bernie" went to Mississippi State College as assistant coach. He later went to Tulane University as assistant football coach to Clark Schaughnessy. Clark Schaughnessy later became famous as the co-founder (George Halas) of the T formation.

He later became head coach at Tulane University and won the Southeastern Conference Championship. This team played the University of Southern California in the Rose Bowl.

The next year he moved to his alma mater, University of Minnesota as head football coach. (1931)

While coaching at the University he became nationally famous with the following accomplishments:

He had 93 victories - 35 defeats - 6 ties for a percentage of 71.3.

He had 5 unbeaten seasons.

He had 6 Big Ten Championships.

He had 4 National Championships.

"Bernie" Bierman began his coaching career at Butte High School in 1916 where he developed an undefeated team. He joined the Marine Corps in World War I. Following the war he came to the University of Montana as head coach of football, basketball, and track.

Montana University can take pride in the fact that one of the greatest football coaches in history began his career here in Montana.

John W. Stewart succeeds Bernard Bierman.

John W. Stewart, a graduate of Geneva College, Pennsylvania, was selected from a list of 50 candidates to succeed Bierman. He was to be head coach of football, basketball, and track.

Jim Stewart came to Montana with the following coaching records:

Cherokee, Iowa - High School

Won 2 state football titles

Sioux City, Iowa - High School

Won 3 state football titles

The basketball team won 95% of their games

The track teams won every meet for 3 years

Sioux Falls, South Dakota - High School

Won state football title

SEASON SUMMARY

John Stewart became the 15th coach in the 26 seasons of football at the University of Montana.

Kaimin report: Gonzaga game. "The varsity was in very poor condition for a football game. They left Missoula on Friday afternoon and were forced to travel on a dirty day coach instead of a pullman car that the railroad had promised them. The dining car officials refused to feed our men, hence they went without nourishment from Friday noon to Saturday morning".

At this time a fairly noticeable trend became evident in Grizzly grid action. The Grizzlies, year in and year out, could clearly demonstrate superiority over Montana Institutions that previously had been tough. Yet the Grizzlies could not win consistently against opponents from outside the state. This was to become more and more evident in the next few seasons, despite the presence of several men who were destined to become all-time Grizzly performers.

MORE ON SEASON SUMMARY

The Bobcat game ended in a "hastle". The grizzlies scored a touchdown the last few seconds of the game. The bobcats claiming time was up before we scored. The Timer and Referee ruled otherwise. Ott Romney, Bobcat coach made the following statement after the game. "In the eyes of God and 60 minutes of play, we won".

Ray Murphy was elected captain of the 1923 team, but he did not return to school.

Oct. 3, 1922 - 1400 students registered.

SEASON SUMMARY

Thirty-nine players signed up for the Varsity. Captain Ray Murphy did not return to school and Ted Plummer was elected Captain in his place.

From the standpoint of wins and losses the Grizzlies had another so-so year in football. However, the football material was far from being the quality needed to compete in first class competition. The only outstanding player on the squad was Ted "Chief" Illman, sophomore fullback. "Chief" was an excellent performer on offense and defense.

The remainder of the squad was made up of very ordinary players who liked to play football and who put forth better performances than could be expected. Coach Stewart was able to extract the maximum playing ability from this group of dedicated players.

Squad members who did not earn varsity awards:

Marshall Murray	Missoula
Tom Mathews	
Archie Hinter	Antelope
Arthur Yensen	
Gus Wilcox	Missoula
Eugene Murphy	Anaconda
Jay Hoffman	
Danta Hanson	Mildred
Marion Burke	Lewistown

SEASON SUMMARY

This was the best Freshman football team to date. The fabulous frosh went through an undefeated season and were rated as the best freshman football team in the Northwest.

William Kelly from Missoula and Russell Sweet from Miles City were outstanding and are expected to be great varsity performers.

Dr. W. E. Schreiber, faculty representative and J. W. Stewart, Athletic Director, attended the Pacific Coast Conference meeting at Berkley, California.

Montana applied for admission into the Pacific Coast Conference and was granted membership Dec. 8, 1923, largely on the record of the cubs who were undefeated and easily won from W.S.C. and the University of Idaho freshman teams.

This year's Montana track team was undoubtedly the best team the university had produced up to this time.

Winning as many first places at the University of Washington Relay Carnival as the host, University of Washington, was an outstanding performance by our university team.

Placing 3rd in the tough Pacific Coast Conference was another notable achievement.

Russell Sweet and Arnold Gillette brought greater honor to the University of Montana by placing in their respective races at the National Track Meet held at Chicago.

Russell Sweet and Arnold Gillette ushered in a winning era in track for the University of Montana.

Track Coach John Stewart proved to be one of the outstanding track coaches in America. His success as a track coach in high school competition in Iowa and later at the University of South Dakota prior to coming to Montana, was further enhanced by the great track teams he developed at the University of Montana.

SEASON SUMMARY

Russell Sweet in Washington State game had a punting average of 49 yards.
The Sacramento Union picked William "Wild Bill" Kelly on All-Coast Team.

Kelly, Sweet and Illman didn't hog the spotlight in 1925 as much as they did the previous season because they had more help from running mates Sugrue and Ritter. The Grizzly line was also bolstered averaging 180 pounds compared to 165 pounds in 1924.

The opening conference game brought Washington State to missoula. W.S.C. kicked 3 field goals to win a hard fought game.

University of Washington defeated Montana in Seattle 30-10. Kelly passed to Ritter for one T.D. and Sweet kicked a field goal.

Oscar Dahlberg ran 42 yards with a fumble against Gonzaga to tie the "Bulldogs".

"Wild Bill" Kelly returned to his old form against Idaho. Idaho led 14-0 until Kelly passed to Sugrue for a T.D. Kelly ran 70 yards for the winning score after seemingly being smothered on a pass play.

Montana played the University of Southern California for the first time. Kelly passed 25 yards to Sugrue for Montana's goal in a respectable 27-7 loss. Sweet was injured and did not play.

In the final game of the season against the Montana State Bobcats, Kelly again sparkled. He dashed 42 yards for the first score and sewed up the game with a 4th period touchdown.

INTERESTING INFORMATION

An agreement was made to play future Grizzly-Bobcat games in Butte.

Coach Clark resigned at the end of the season to accept the position of trainer at the University of Washington. He held this position until his retirement.

INTERESTING INFORMATION

William "Wild Bill" Kelly was selected on the 2nd All American team.

Ted "Chief" Illman was the 1st professional football player who graduated from the University of Montana. He played with Wilsons Wildcats, a team that toured the nation playing against "Red" Granges professional team. Wilsons team was made up of Western players and Granges team was made up of Midwest and Eastern players.

"Red" Grange was an All American player from the University of Washington.

John Stewart, Athletic Director, was also the lone coach for football.

1926-1927 School Year Continued

Major Frank "Shrimp" Milburn, a West Point graduate and winner of the Athletic Saber, emblematic of the best athlete at West Point, became head of the R.O.T.C. and head football coach.

Jan 1, 1927

William Kelly and Russell Sweet were selected to represent the West in the East-West Shrine game in San Francisco. Kelly passed to Sweet for a touchdown. Sweet kicked the extra point and the West won the game 7 - 6.

Through 1971 this pass is the longest scoring pass on record for the Shrine game.

In 1971 Bill Kelly was selected as the all Time quarterback in the history of the Shrine game.

April 30, 1969

William "Wild Bill" Kelly was elected to the National Football Hall of Fame. He is the 1st and only University of Montana football player to receive this honor up to this time.

March 14, 1928: Intercollegiate basketball in Montana - by J.W. Stewart - Univ. Coach.

Montana State College again won the State championship and for the 2nd straight year won the championship of the Rocky Mountain Conference. The State college had one of the strongest teams in the West. Outside of their own Conference they defeated several of the Coast Conference schools in early season games. They had a veteran team of unusual ability. They featured a strong offensive and were usually able to outscore their opponents by a wide margin. Ward, center, Thompson, forward and Breeden, guard were their outstanding men.

The State University had a better team than in the past few years and were easily the second best team in the state. As a member of the Coast Conference the State University won 4 of its league games and some of its other games were lost by only 2 points. The team was not able to hit its full stride in more than half of the games on account of attacks of the 'flu'. Sam Kain was recognized as one of the best centers in the Coast Conference. Other outstanding men were Cloyce overturf and Karl Rankin.

Note:

No National Collegiate Basketball championship was determined by tournament procedure until 1938; otherwise, Montana State College would have been a strong contender in 1928.

Ashworth "Cat" Thompson of Montana State College was selected by the Helms Foundation Hall of Fame as a member of the All Time Collegiate Team in America.

Kaimin, May 7, 1929

Russell Sweet (formerly Grizzly) ran the 100 in 9.4 in the Pacific Association Track and Field Meet. This would have been a new American record but because of the wind the mark will not be allowed.

Note: Rufus Kiser, University of Washington, lowered Arnold Gillette's Coast Conference record to 4:17.6.

Kaimin, June 1929

Montana will not compete in N.C.A.A. meet in Chicago as conditions have not been such that it would be possible for any of the track men to place.

Kaimin, June 4, 1929

Pacific Coast Conference new qualifications for earning track letters by member schools.

1. A total of 5 pts. earned during season in major meets.
2. First place in any meet.
- 3.. Placing in the Pacific Coast Conference meet.

SEASON SUMMARY

From Annual:

"Even the Bobcats must win sometime and after 20 years, revenge can doubly sweet, 14-12. Montana had the enormous advantages of 19 1st downs and 345 yards to 3 1st downs and 133 yards over the Bobcats, but this went for naught. The gun cut short a Grizzly drive to the Bobcat's 5 yard line."

"The Grizzlies furnished one major upset in the national football picture by holding the celebrated Washington "Huskies" to a 6 - 6 tie."

Reid Harmon made the 1st All Northwest team as an end.

Clarence Mulick, guard, Russell Peterson, tackle, made the 2nd team.

Season Summary Continued

Jimmy Morrow, quarterback, was given honorable mention on the All American team.

Kaimin, June 1929

"Dornblaser Field once served as a camping ground for Indians."

Kaimin, July 18, 1929

The present "M" on Mt. Sentinel was built in the fall of 1914.

Kaimin, Sept. 27, 1929

"Clark Whitcomb, 24, former Grizzly football star was killed at Kelly Field, Texas, when a plane he was flying fell."

Kaimin, Oct. 8, 1929

"Grid Graf returns of the Montana-Washington football game were witnessed by approximately 350 persons at the Rialto Theatre last Saturday afternoon. The returns came after Western Union flashes were received here then they were announced and the game illustrated on a play board."

1929-1930 School Year Continued

Note:

The Northern Division Schools of the Pacific Coast Conference dropped the University of Montana from a conference schedule at the close of the 1928-1929 season.

The University of Montana played as an independent until the school year of 1937-38 when Montana had a complete conference schedule.

Following the 1937-1938 school year Montana was again dropped from the Pacific Coast Conference, Northern Division, schedule. Montana played as an independent until we joined the Mountain States Conference. (Skyline Conference) 1951

Kaimin, June 6, 1930

Montana will not be counted in the Pacific Coast Conference basketball race in 1931, as a result of the action taken at the Conference meeting in Seattle this week. The coaches drew up the schedule without Montana and the faculty representatives took no action on the matter. The graduate managers decided it was too far to Missoula for games.

W.E. Schreiber, Montana Faculty Representative, cast the only vote opposing the schedule as drawn up.

Montana will still continue to compete in football and track.

Kaimin, Nov. 16, 1931

William "Bill" Kelly, one of the greatest Grizzly football player, died in New York. Kelly played professional football with the New York Yankees and the Brooklyn Dodger. He dies from indigestion brought on by eating peanuts and "hot dogs" at the Fordham - New York University football game. This was the physician's report.

Coach Benard F. Oakes (Football Coach - 1st year)

Benard F. "Bunny" Oakes, who had been line coach at the University of Nebraska for the past 5 years, became Major Milburn's successor as head coach of football. He had played tackle on the University of Illinois western Conference (Big 10) Championship team. He had "Red" Grange as a team mate. Oakes had been line coach at the University of Tennessee for one year before going to Nebraska. He was graduated from the University of Illinois in 1924. He was the author of one of the most authoritative books on line play in existence.

Adolph J. Lewandowski, Nebraska end and basketball center, took over the freshman squad.

W.A. Clark Athletic Scholarships

W.A. Clark annually gave 5 athletic scholarships to Montana High School graduates who attended The University of Montana. Each scholarship paid the tuition, room, board and fees for one year.

A committee of faculty and Missoula citizens made the selections.

The following students received the scholarships for the 1931-1932 year:

Frank Vesal	Roundup
William Hileman	Whitefish
Charles Stroup	Billings
Harold Duffy	Kalispell
William Williams	Libby

INTERESTING INFORMATION

Registration - Fall quarter 1933 1461 students
 850 men
 611 women

Football coaches Percy Lacey, Oregon State College and "Babe" Hollinberry, Washington State College, were selected as coaches for the West team in the annual East-West Shrine game. Robert Stansberry from the University of Montana was one of the best halfbacks in the West. He was not selected for the West team. Following the selection both coaches stated that Stansberry would have been a number one selection but they thought that he was only a junior in the University instead of a senior. Stansberry only played two years for the University of Montana because he previously had attended the University of Nebraska for 2 years.

1933-1934 School Year Continued

During the 1934 Legislature session, Representative Arthur H. Watson filed a bill to consolidate the 6 units of higher education in Montana. The one unit university was to be placed at Lewistown.

Interesting Information Continued

\$2,500.00 was to be borrowed from the Federal R.F.C.

Mr. Watson could not get the job done. Politicians from the cities where schools were located defeated the bill.

A similar recommendation was made buy the University President, Edwin B. Craighead in 1914. He recommended the one unit school be located at Great Falls. It was voted upon in the general election of 1914 and was defeated.

1935 - New Coach and New Deal

Result:

Montana emerged from a "suicide schedule" with respects of opponents and fans and a better standing in gridiron circles than any university team in recent years. Although unable to score a conference win, the Grizzlies battled Oregon State to a scoreless tie and scored on every other opposing Pacific Coast Conference team with the exception of U.S.C. and Stanford's 1936 Rose Bowl winner and in two non-conference games the team defeated Montana State College 26-0 for the State Championship and played a 7-7 tie with Gonzaga.

"Man of the Year" was the honor accorded Douglas Fessenden by the Kaimin for the distinguished work done by him in raising Montana to a prominent place in the Pacific Coast Conference football. Taking the coaching position in the face of legislation which until invalidated by a court ruling threatening to make it unlawful for non-residents to be employed by the university. Fessenden proved himself to be an able mentor and won the respect and admiration of the entire school.

Note: Douglas Fessenden was acting Athletic Director.

1977 - 40th Reunion

(O) = Men attending

(X) = Deceased prior to reunion

Note:

This was the most successful football season since 1914.

In 1914 Montana was undefeated, winning 6 games and one tie.

Montana won 6 consecutive games in 1937 which is the first time in history Montana won as many games.

The University of Idaho beat Montana 6-0 in a sea of mud in Moscow.

The curtain fell on one of the best teams in university history. A team that made the national headlines for weeks, until the Idaho disaster. A team that had power, speed, and a determination to win. Four seniors who contributed much toward that enviable record were: Captain Milton Popovich, Joseph Pomajevich, Leonard Noyes, and Thomas Gedgoud.

Kaimin, Jan. 7, 1938

One of the outstanding performances in the East-West Shrine Football game on New Year's day was Milton Popovich, Montana's backfield ace. "Popo" won the acclaim of some 60,000 fans with his spectacular playing which aided in earning an under-rated West team a scoreless tie with the powerful Eastern Aggregation. "Popo's" 67 yd. punt was one of the outstanding plays of the game.

University of Montana men selected for the East-West Shrine game:

Jan 1 1927 Russell Sweet Halfback Miles City

Jan 1 1927 William Kelly Quarterback Missoula

1937-1938 School Year Continued

Jan 1 1932 Thomas Davis Fullback Butte
 Jan 1 1938 Milton Popovich Halfback Butte

The Grizzlies had two offers to play post season games.

1. Sun Bowl - El Paso, Texas
2. Phoenix, Ariz. - Against Hardin-Simmons

The Montana players voted not to accept any post season games.

Four members of the 1937 team who later played on professional teams were:

Milton Popovich
 Aldo Forte
 Leonard Noyes
 Paul Szakash

All Pacific Coast Conference selections were made. One by Ted Bank, the University of Idaho football coach, and another by Mike Pecarovich, football coach at Gonzaga University.

Milton Popovich (Montana) was selected on the first Pacific Coast Conference team by both coaches.

Milton Popovich signed a contract to play with the Chicago Cardinals.

Popovich was also an All-American pick in 1937.

SEASON SUMMARY

C.O. "Lefty" Hoagland, Business Manager, Kirk Badgley and George Dahlberg, Coach; attended the Pacific Coast Conference (Northern Division) Basketball schedule meeting at Seattle, Wash. They were able to persuade the Conference to allow Montana to have a complete P.C.C. schedule. This was the first full P.C.C. basketball schedule in several years.

Montana won only 3 conference games. However, one of the victories was over The University of Oregon (the team which won the National Collegiate Basketball title in 1939.) Rumors following the game that Montana would no longer be a playing member of the P.C.C. in basketball. This was verified later in the year. The reason for dropping Montana was that it was too far to travel to Montana.

Note: All members of the Montana squad were graduates of Montana high schools.

SEASON HIGHLIGHTS

1. Two victories over Montana State College (Rocky Mountain Conference Champs)
2. Victory over the University of Oregon
3. Overtime game lost to Oregon State College
4. Overtime game lost to Montana State College in Bozeman
 - A. The 1st 5 men on the University team were fouled out.
 - B. There were 25 fouls called on the University, and 13 fouls called on Montana State College.

SEASON SUMMARY

Player injuries kept the university from having one of the best records in university history. The first two games, Doug Fessenden, University coach, was able to put a team on the field that was at full strength, but after that it was a question as to who was going to start. Injuries to key players kept the Grizzlies at half strength most of the year.

The Grizzlies went into the game with the University of North Dakota with only 3 regulars.

San Francisco University became the first California football team to play on Dornblaser Field.

Kaimin, Sept. 23, 1938

The new bleachers on the east side of the field became usable. They seated 4,000.

Kaimin, Dec. 2, 1938

Roland Lundberg, halfback, was the only Montana player to receive mention on the Associated Press All-American team. He received honorable mention.

The University of Idaho picked an All Opponent team. They picked the following Montana players:

Aldo Forte - Tackle

William Lazetich - Halfback

Robert Thornally - Center

Kaimin, Dec. 2, 1938

Dr. J.E. "Burly" Miller, Douglas Fessenden and Kirk Badgley attended the Pacific Coast Conference meetings at Palm Springs, Cal. on Dec. 6-7.

Kaimin, Sept 23, 1938

The Pacific Coast Conference (Northern Division) basketball coaches voted to drop the University of Montana from the conference basketball schedule.

Officials from the Oregon schools stated that players lost too much time from classes and that expenses were too high on trips to Montana. Coaches stated that with Montana on the schedule a 20 game conference schedule was too much.

Kaimin, Nov. 29, 1938

Major rule changes for basketball:

1. The three second rule
2. Five time-outs
3. 10 second rule

SEASON SUMMARY

The Annual (The Sentinel) had remarks relative to the 1940 season.

The Grizzlies looked very impressive in their win over Eastern Washington College.

Washington State College were too strong for Montana. A bad pass from center ruined Montana's scoring drive on the W.S.C. 2nd yard line.

Texas Tech. was clearly out of Montana's class.

Annual comment on the Montana State game: "It is no longer a contest, but a test to see how low the Aggies can hold the Grizzly score."

"Montana rose to the season's greatest heights when they courageously fought a favored Gonzaga team to a 13-10 triumph in Butte."

The victory over Idaho for the second consecutive year was a surprise.

The Marines in San Diego were too talented for Montana.

The tie with Portland was due to ankle deep mud.

SEASON SUMMARY

The University team took an early season trip to the Midwest which proved to be disastrous. We played 9 games in 13 days. Bill Jones was badly injured in the first game on the trip and was forced to return to Missoula. At the end of the 3rd game, Bill Hall and Earl Fairbanks also were injured and returned home. This meant that we had to continue play without 3 regular players. Following the trip we only lost 3 games for the remainder of the schedule.

1940-1941 School Year Continued

From 1939 till 1942 The University of Montana won 12 consecutive games from Montana State College. This is the longest victory string that either Montana State College or the University could accomplish.

SEASON SUMMARY

The 1941 football season was a very successful year.

Montana defeated all the teams that were similar to Montana in enrollment.

Losing to teams like U.C.L.A., University of Washington and Oregon State College was to be expected.

VARSITY FOOTBALL - 1943

Kaimin, Sept. 24, 1943

"The University of Montana withdraws from the Pacific Coast Athletic Conference for the coming year as have Stanford and Oregon."

Due to the war, Montana did not field a football team.

Kaimin, Oct. 1943

Captain Thomas O'Donnell will be posthumously awarded the Distinguished Service Cross in Missoula this month when Colonel H.B. Hensley, Commanding Officer at Fort Harrison will present the award to his wife., Mrs. Barbara Adams O'Donnell.

Captain Thomas O'Donnell earned the award at ATTS, May 25th. Wounded previously, Cap't. O'Donnell is attempting to lead his men into advance positions was fatally injured.

He was already posthumously awarded the Purple Heart, oldest citation to the American Soldier.

(Ton O'Donnell came to the University from Casper, Wyoming. He was regular tackle on the football in 1938-1939 and 1940. He was Captain of the 1940 team.)

Kaimin, Oct. 22, 1943

The Butte football stadium was dedicated and named "Naranche Stadium", in honor of Eso Naranche, former star athlete for Butte High School and the University of Montana. Eso was killed in action in North Africa.

Eight thousand people witnessed the tribute to Lieut. Eso Naranche when Butte High School Stadium was dedicated as "Naranche Memorial Stadium". From her home in Los Angeles, Mrs. Delores Walker Naranche, Eso's widow, came to Butte for the ceremony.

(Eso Naranche played regular fullback for the University of Montana in 1939-1940 and 1941. He was selected and played regular fullback for the West team in the annual East West Shrine game played in San Francisco (Jan. 1941). Eso was the 5th University of Montana player to be selected since the game was inaugurated in Jan. 1927.)

1943-1944 School Year Continued

Kaimin, 31, 1943

Colonel Hubert Zemke '35 was awarded the nation's second highest military honor - The Distinguished Service Cross. Col. Zemke was given the award for gallantry above and beyond the call of duty during recent raids on enemy positions in the European Theatre.

Col. Zemke heads a fighting group of the Eight Air Force. He also has the Silver Star, D.F.C. with 3 oak leaf clusters and the British D.F.C. The ex-Grizzly now has 11 planes to his credit and led his group on a daring attack on a German airdrome.

(Hubert "Hub" Zemke played guard on the 1933 University football team.)

Note: No members of the 1942-1943 basketball squad returned. They all entered the armed forces. The decision to field a team was finally made in late Dec. 1943. Coach Buzzetti had to depend upon freshman with little or no experience.

The Montana School of Mines and Carroll College had Navy programs which helped them considerably because they had basketball talent from many sections of the United States.

Eastern Washington College had a fine team due to the fact that they had two exceptionally fine players (4F) who were ineligible for military service.

The University team did well in winning 2 games from the competition they had to meet.

Montana State College did not field a team.

Note: Naseby Rhinehart, Athletic Department Trainer, worked in the ship yards at Seattle this school year.

SEASON SUMMARY

The season was a trying one for all concerned. Twenty students represented the University in the games played. Only 8 players completed the entire season.

Sam and Robert Phillips, from Lewistown, joined the Navy following the fall quarter. However, they were awarded varsity letters. Donald McDonald, the best player, dropped out of school in January to join the military.

There were no athletic scholarships. Coach Dahlberg recruited some of the players

from the Physical Education classes.

Season Summary Continued

The competition proved to be much too good for the personnel that the University was forced to use. Carroll College and the School of Mines had excellent material due to the Navy programs at their schools.

Eastern Washington College and Montana State College were fortunate in having excellent players who were rated 4-F and therefore ineligible for military service.

The following people were asked to select the outstanding basketball players that they had seen for the University.

Kirk Badgley: Kirk attended the University from 1920-1924. He was a member of the varsity basketball team for 3 years. Following his graduation, he was an instructor at the University. He later became University Controller. He also was business manager of athletics for many years.

Morris McCollum: Morris was manager of the Student Store from 1920-1970. He was extremely interested in athletics. Student Store employees were dominated by athletes. Mac always gave athletes a preference for work at the Student Store. He also organized and managed the Student Store baseball team which was outstanding in Independent baseball in Montana.

Ray Rocene: Ray was sports editor for the Missoulian from 1915 to 1969 when he retired.

Dr. and Mrs. Richard Jesse: Dr. Jesse was chairman of the Chemistry Department. He and Mrs. Jesse came to the university about 1918. Mrs. Jesse had been head of the women's Physical Education Department until her marriage to Dr. Jesse about 1921. Both were extremely interested in athletics - seldom missing an athletic contest.

George Dahlberg: He attended the university 1920-1925. He participated in football and basketball. He was head basketball coach 1938-1955. He also was an assistant football coach from 1937-1949.

Note: Dr. J.E. "Burly" Miller, faculty athletic representative ruled that the University of Montana must follow pre-war Pacific Coast Conference rules. Most all other schools were not following their conference rules "to the letter", in so far as eligibility was concerned.

Dr. "Burly" Miller ruled that Ed Rossmiller and Kenneth Drahos, two exceptionally fine tackles, could only play against service teams. Therefore, we were handicapped considerable against college teams.

SEASON SUMMARY

Montana had an unusual number of players on this years squad. This was due to the fact that several ex-service men returned to school the winter quarter. The change in team personnel during the winter quarter made it difficult for the coach to pick out the 6 to 8 best players. Using the same 6 to 8 players all season is essential to determining a successful basketball season.

The following players joined the basketball squad the winter quarter:

Louis Rocheleau
 John Heloing
 Don Peterson
 John Cheek
 Tom Selstad
 Charles "Timer" Moses

Note: Dr. J.E. Miller, Faculty Rep., ruled that Montana would follow P.C.C. and N.C.A.A. eligibility rules to the letter.

Montana State College did not follow any rules. They played baseball players and thus ineligible at any N.C.A.A. school.

By playing Michotte, M.S.C. was able to win 4 of 6 games from Montana University. Incidentally, Michotte wanted to come to the University but was ineligible to play according to N.C.A.A. and Pacific Coast Conference rules.

The basketball squad picked the All Opponent Team:

DeTonnacour	Montana State College	Forward
Mortenson	University of Idaho	Forward
Kemenich	University of Wyoming	Center
Svendson	Farragut	Guard
Leifer	Eastern Wash. College	Guard

1946-1947 School Year Continued

Edward Chinske came to the University from a very successful period of coaching football and basketball at Missoula County High School. Eddie is to be freshman coach of football and basketball and head coach in baseball.

Carl O'Loughlin was employed as equipment man. His job is to be in charge of all athletic equipment and maintenance and preparation of football field and track.

The Anaconda Company of Butte donated the "Copper Bowl" for the University and State College annual football game. The team which wins the cup 3 years in succession will get permanent possession of the trophy.

SEASON SUMMARY

Montana enjoyed a successful season and especially considering the fact that we were again in complete operation for the first time since 1941.

The Modern "T" formation was used for the first time by a university team. John Holding and Pierre Roberts did the passing from this formation.

Montana defeated Eastern Washington College, Colorado State University, Montana State College and the University of Idaho. The Pacific Coast Conference schools of Universities of Oregon, Washington and U.C.L.A. were too strong for us.

The Pacific Coast Conference is too tough a conference for the University of Montana to compete successfully.

Freshman were eligible for varsity football.

The University of Montana began Inter-Collegiate tennis competition during the 1945-1946 school year. Tennis was considered a minor sport through the 1948 season. Tennis became a major sport during the 1947-1948 school year.

1946-1947 School Year Continued

Note:

Beverly Garrett was in the semifinals of the Northern Division of the Pacific Coast Conference in 1946 and 1947.

University officials rewarded his unusual success by awarding him a major letter. Beverly Garrett, thereby, became the first major tennis letterman in university history.

SEASON SUMMARY

Colonel Harry Adams returned to the University following military duty in the Army from Sept, 1942 until 1947. He resumed his old position as backfield coach and chief scout. Paul Szakash became line coach, George Dahlberg became end coach and Eddie Chinske became freshman coach.

Montana enjoyed a successful season winning 7 games and losing 4. We defeated Washington State College and the University of Idaho on their home grounds. (This is a first in university football history).

Montana State College defeated us 13-12 in Butte for the 1st time since 1932. "Buck" Pruening, our goal kicker, misses both attempts after touchdowns. It was the 1st time he missed a goal kick this season, however, the following week, "Buck" became a hero when he kicked the goal which won the game from Washington State College.

The Montana team enjoyed a trip to Hawaii where they won 2 games. The team traveled by plane and a wonderful time was enjoyed by all.

Montana had a strong line, Bob Gorton was outstanding as a lineman, Ray Bauer was an exceptionally fine end being a first class pass receiver (the best in history up to this time) and also a fine defensive end.

Our backfield had speed, power and also a fine passing attack. John Holding was one of the best passers in university history. Arnold Scott had exceptional speed and broke away for many lone runs during the season. Jack O'Loughlin was an exceptionally fine open field runner.

Note:

President James McCain was persuaded by alumni (mostly Missoula) to ask Doug Fessenden for his resignation.

Doug Fessenden resigned and the following year received his doctors degree in Physical Education from Columbia University. He then became Athletic Director and head of the Physical Education Department at the University of San Francisco. He remained there until his retirement.

Doug Fessenden had the best win and loss record in football of any university football coach. Doug's dismissal proved to be a mistake because the university had losing teams until Jack Swarthout arrived 19 years later - 1967. (1949 - won 5, lost 4)

SEASON SUMMARY

Montana had an average season - won 5; lost 5.

Montana again used the "T" formation with variations.

We had an exceptional passer in Tom Kingsford and Ray Bauer was one of the best receivers in University history.

The outstanding linemen were:

Ray Bauer End

Ken Campbell Center

Robert Hanson Tackle

Tom Kingsford at quarterback was the best passer in University history. Jack O'Loughlin (fullback) and Robert Byrne (halfback) were outstanding.

Montana withdrew from the Pacific Coast Conference and joined the Mountain States Conference which is also known as the "Skyline" Conference.

Note:

In 26 years of competition in the Pacific Coast Conference from 1925 through 1950, the Grizzlies set an unenviable record. They didn't win a single game from a California or Oregon opponent, although they did achieve ties with the University of Washington (6-6) and Oregon State College (7-7). The only Pacific Coast Conference victories were over the University of Idaho and Washington State College.

It was quite obvious that the University of Montana should join the Mountain States (Skyline) Conference when the invitation was presented.

SEASON SUMMARY

At the Denver Conference Tournament, following the 10th game of the season, four members of the squad were dismissed for violating training rules. They were valuable members of the team; therefore, we were not as successful in the win column as we might have been otherwise.

The fast break offense was used in the first 19 games and the set offense the last 12 games.

UNIVERSITY BASKETBALL HALL OF FAME
ORGANIZED IN 1950

Selection Method:

Three nominating committees

1. Alumni
2. Townspeople
3. Faculty

The committee has been selected because of the interest they have displayed in University basketball through the years. Each committee member has seen a sufficient number of players in action to make recommendations.

We have divided the time period from 1904-1950 into three groups.

We have done this because otherwise it would be impossible for us to select a committee that has seen all university basketball players in action.

The selection committee has been divided into three groups:

- a. 1904-1915
- b. 1916-1930
- c. 1931-1950

Some members may be on all three groups. Others may be on two groups and still others will be on only one group.

Basis for nomination:

1. General all around basketball ability
 - a. Good defensive player
 - b. Good offensive player
 - c. Good team player
 - d. Competitive spirit
2. Leadership
3. Character

The plan for selection is as follows:

1. Each committee member will nominate from:
 - 3 to 5 men from period 1904-1915
 - 6 to 10 men from period 1916-1930
 - 10 to 15 men from period 1931-1950

1951-1952 School Year Continued

Note: We have set the number to be nominated in each period in proportion to the number of letter winners during each period.

2. To be selected for the Hall of Fame 75% of the committee members must vote for the man.
3. A man must have completed his competition 5 years before he is eligible for the Hall of Fame.
4. A player may get his name on the list (nominating) when 60% of the committee vote for him. If 75% of the committee voting for a man; he immediately becomes a member of the Hall of Fame.
5. Each man receiving 60% of the committee votes will always remain on the eligible list.

The University Basketball Hall of Fame was dormant from March 26, 1957 until Nov. 1, 1966.

Ronald Nord, basketball coach and Robert Cope, Assistant coach, encouraged the re-activating of the University Basketball Hall of Fame. It was re-activated with some changes in the method of selection.

A committee was formed consisting of the University of Montana faculty members who:

1. Have seen all players perform since 1950
2. These men all have considerable interest in basketball and also considerable knowledge of the game.

University Basketball Hall of Fame Continued

The committee consists of:

Harry Adams

He played varsity basketball here at the university and coached freshman basketball for many years. He has been here at the university from 1915 to the present except for 1942-1946 when we was in the U. S. Army.

George Dahlberg

He played varsity basketball 1923-1925 and coached the university varsity team from 1938-1955 except 1942-1944 when he was in the U. S. Army.

Edward Chinske

He played varsity basketball 1927-1930 and coached Missoula High School 1936 until 1945 when he became freshman basketball coach at the University. He has observed university basketball from 1936 until the present time.

Charles Hertler

Professor of Physical Education from 1938 to the present time. He probably has never missed a university game here during that time.

Naseby Rhinehart, Sr.

He played varsity basketball at the University 1932-1935. He has been the University Trainer from 1935 to the present time.

Vincent Wilson

Professor of Physical Education and an ardent fan who knows basketball and has watched the team play from 1940 to the present.

George Cross

Professor of Physical Education and another man who has observed basketball from 1950 to the present time.

Ronald Nord

Varsity basketball coach 1963-1968. (Non-voting member)

Robert Cope

Assistant varsity basketball coach 1966-1968.

Head basketball coach 1969-1970. (Non-voting member)

The requirements for the University Basketball Hall of Fame are as follows:

1. Every university letterman is eligible.
2. A basketball letterman may not be considered for membership until five years have elapsed since he received his last basketball award.
3. A man may be eligible for membership by contributing something worthy to the University of Montana basketball program.
4. Membership is based on unanimous approval of the committee.

(The above requirements made by committee organized in 1957.)

Note:

The ski coach and team decided that they did not want to follow the eligibility requirements of the Mountain States (Skyline) Conference. Therefore, Dr. Earl Lory, Chair of the Faculty Athletic Committee, ruled that they could not represent the University of Montana in any ski meets.

The athletic department did not include skiing in the athletic budget.

The ski team was granted \$750.00 a year by Central Board to ski wherever they decided.

The University of Montana athletic department was not represented by a ski team the following years:

1951-1952

1952-1953

1953-1954

1954-1955

SEASON SUMMARY

Montana only had two coaches in charge of varsity football.

The squad was usually small in numbers and the players were also in comparison with other conference teams.

Most of the games were lost by small margins. We just didn't have enough good players to compete successfully in the Mountain States (Skyline) Conference.

Edward Chinske did a remarkable job of coaching considering the available material.

Edward Chinske resigned as head football coach at the close of the season. Dr. McFarland (President) would not accept his resignation until Eddie absolutely insisted on giving up football. Eddie continued working in the Physical Education Department

CENTURY CLUB ORIGIN

In the fall of 1954 the University of Montana played a football game with the University of Iowa at Iowa City. George Dahlberg, University of Montana Athletic Director sent Paul Chumrau, University Athletic Business manager, with the team.

While in Iowa Paul Chumrau talked with some Montana alumni. He asked them how the University of Iowa raised money for their athletic program. He was told that they had a Century Club which provided considerable funding. To belong to the Century Club a person was asked to contribute \$100 annually to help finance the athletic program.

When Paul returned to Missoula he recommended to George Dahlberg, athletic director, that we try a similar program here at Montana.

George Dahlberg recommended the plan to Carl McFarland, University president. Dr.

Century Club Origin Continued

McFarland said, "No". He later changed his mind and said, "You can try, but you won't take in enough to pay the postage".

The first year (1955) we had 240 members. A gradual growth developed so that in 1979 we had over 1300 members.

The athletic program now depends heavily on the Century Club for financial assistance.

All Conference 2nd team: Stanley Renning - Guard

Most Valuable Player award: 1956 - Stanley Renning - Guard

Jim Kovich (Jeweler, Great Falls) Award to Most Outstanding Lineman: Stanley Renning - Guard

SEASON SUMMARY

Aside from the fact that Stanley Renning was considered one of the greatest sophomores to ever appear in a Grizzly uniform, the 1956 campaign was a dismal one. That Renning was destined to be one of Montana's greatest gridgers was evident even in his sophomore season. The 195 pounder was a devastating linebacker and also proved to be a topnotch blocker. And he even provided the spark that gave Montana its lone victory when he intercepted a pass against Brigham Young and rambled for the winning touchdown.

Montana lost a last minute - 14 to 13 decision to New Mexico

Severn Hayes was leading ground gainer - 415 yards

Ervin Rosera led the team in scoring

Terence Hurley caught 20 passes

SEASON SUMMARY

The Grizzlies started the season without their regular quarterback. Earl Keeley was laid low with a bursitis attack in the first two games. Sophomore Bruce Olson and Philip Griffin did their best to run the team.

The Grizzlies scored two notable upsets over New Mexico and Utah State.

The 21-6 win over New Mexico was the highlighter. The Lobos invaded Dornblazer Field with a 5 and 0 record for the season and a tie for the Skyline lead.

Montana surprised Utah State and spoiled their homecoming with a 35-25 victory for Montana.

Stanley Renning, one of the greatest linebackers in Montana history was selected as All Conference guard.

Renning, aside from his A;;-Skyline selection earned a 3rd team All-America honor from the Williamson Rating System as well as honorable mention from four other A;;-American selections.

Coach Jerry Williams, a former Washington State University football players, who later played professional football with the Philadelphia Eagles was selected to be an assistant coach for the Philadelphia Eagles.

SUMMARY

Ray Jenkins, 1st year as football coach, made a poor debut with an 0-10 record, the worst in Montana history. Montana did have two outstanding football players in John Lands and Stanley Renning. Both men were selected on the Skyline Conference 1st team, which was selected by the conference football coaches.

Note: Montana trainer Naseby Rhinehart Sr. is one of 71 men nominated for the Silver Anniversary football team selected annually by Sports Illustrated magazine. The team honors men who have distinguished themselves in public life in the 25 years since they played collegiate football.

Naseby Rhinehart Sr. is one of 15 men in the history of the University to earn nine varsity letter awards.

Interesting Note: Frank Tetrault, University of Montana All American rifleman, has survived a series of eliminating matches that moved him closer to a place on the United States Rifle team that will compete in the Pan-American games. A score of 1087 of a possible 1200 earned him an invitation to the National matches at Ft. Benning, Georgia..

Frank Tetrault had previously been picked as one of the four best collegiate riflemen in the nation and was named to the National Rifle Association All America squad. (Continued)

1958-1959 School Year Continued

Frank is a native of Kalispell.

The Grizzly shooter also holds the Washington and Idaho state gallery rifle titles. Records attained against the best civilian shooters in the two western states.

Note: Dr. Earl Lory of the University of Montana has been elected vice-president of the Powerful National Collegiate Athletic Association. Dr. Lory, faculty athletic representative and acting dean of the College of Art and Sciences at the University of Montana, was named to the position following the N.C.A.A. meetings in New York.

Harry Adams, University of Montana track coach, received an N.C.A.A. honor, being named a member of the track and field rules committee.

SEASON SUMMARY

The Grizzlies came up with their best passing attack in 10 season during 1959, a campaign that also marked the end of a 15-game losing streak when the Grizzlies scored a 12-0 upset over Brigham Young University. Sophomore quarterback Bob O'Billovich and John Shulz did the bulk of the throwing, as Montana's passing game netted nearly 1200 yards in nine games.

Grizzly punter Paul Gustafson had a 43.5 punting average.

John Lands was selected All Conference end for the 2nd consecutive year.

Pat Dotson won the team rushing crown, while John Schulz completed 79 passes for 591 yards. Robert O'Billovich, who missed 2 games with an injury, completed 26 passes for 376 yards.

Note: On June 17, 1960 William Anderson, University half miler challenged a man on a horse in a race from Missoula to Polson. Anderson had to give up at noon. He had been running and walking for 6 hours. He had been running some 37 miles when he conceded to "Little Joe", his equine opponent. Swollen feet caused him to concede. He appeared in good condition and after a rubdown by University trainer, Naseby Rhinehart at Polson he felt fine.

After Anderson conceded a mile south of Ravalli, he was given a ride in an auto driven by his fiancée, Miss Karen Anderson, whom he is to marry next weekend.

They caught up with "Little Joe" and his rider, N.B. Coppedge of Polson, a short distance north of St. Ignatius.

The contest was sponsored by the Reservation Pioneers as one of the events of the 50th anniversary celebration of the Flathead Indian Reservation being opened to settlement by whites.

UNITED STATES OLYMPIC TEAM MEMBERS

Jack Daniels from Helmville was the first University of Montana man to qualify for membership on the United States Olympic team. He was a member of the United States Olympic team in 1956 and again in 1960.

He was a member of the United States Modern Pentathlon team. The team consisted of three men.

Jack Daniels graduated from the University of Montana in 1955. He entered the United States Army as a 2nd Lt. in the summer of 1955.

The United States Pentathlon team (1956) finished 2nd to Russia in team Pentathlon scores.

The following events are in the Pentathlon Group and are competed in as follows:

1st Event - Horseback Riding (5,000 meters and 30 obstacles)

Jack Daniels finished in 2nd place - 1064 points

Note: Jack had never ridden a horse until July 1, 1956. (Remarkable achievement)

UNITED STATES OLYMPIC GAMES - 1960

Jack Daniels was a member of the United States Pentathlon team in 1960. The team consists of three men.

President Dr. Harry Newburn made the following statement relative to the future policy regarding the athletic program at the University of Montana:

March 30, 1960

New Athletic Policy at University of Montana

During the past two decades universities and colleges have been caught in an upward spiral toward larger and larger subsidies for athletics. Today there are many institutions, including Montana State University, that underwrite practically the entire cost of an athlete's college education, including tuition and fees, board and room, books, tutoring and incidental costs. It is the fundamental mission of Montana State University to be an institution of higher education, and we believe that a program of full scholarships for athletes is inconsistent with that mission.

Beginning with the fall of 1961 MSU will no longer attempt to provide such major subsidies. In making this announcement, the University wants to re-assert and re-emphasize its basic interest in maintaining a full program of intercollegiate sports and its desire to be competitive in such an enterprise. In the event that other among our conference affiliates do adopt such a policy in the immediate future Montana State University will be able to compete on a more favorable athletic basis than has been possible heretofore.

Several urgent reasons have contributed to our decision. The primary factor is our belief that it is high time to reincorporate intercollegiate athletics into the fabric of the institution and thus make it an integral part of the educational environment provided to the student. We do not believe that a program based on obtaining athletes at the auction block level is a necessary part of the process of giving and receiving a University education.

Beginning with the fall of 1961 qualified freshman athletes, because of the fact that they cannot work during the season of competition, will be subsidized by MSU to the extent of their in-state fees, amounting to \$283 annually, based on present rates. In 1962 this type of subsidy will be extended through the sophomore level, in 1963 through the junior level and in 1964 through the senior level, thus completing full transfer to the new program. It is our hope that eventually we may have many more students on such a program, spread over a wide number of sports. The University itself expects to extend 50 grants-in-aid amounting to \$120 each year toward the total of \$283 in fees. These grants will be given as fee waivers to freshman athletes in the upper one-half of their high school graduating classes or to upper classmen who are above the all-University men's grade average. All other scholarship funds to be granted under the new program are expected to come from athletic income and athletic fees.

It is a simple fact that athletic income from all sources is not adequate to maintain a program of full athletic scholarships now or in the foreseeable future. Even under the best of circumstances, it is unlikely that MSU will ever be able to support a satisfactory program of full subsidy for athletes. Thus, the choice financially is to continue with an inadequate program of full subsidy, or to install a well-balanced program such as that outlines herewith. Furthermore, the proposed program is consistent with the educational purposes of the University.

We solicit the support of all Montanans and particularly of the MSU alumni and the Century Club for this new course. Support from the University will be limited as defined, but we will welcome the contribution of funds to the Endowment Foundation to be used in payment of out-of-state fees for non-resident athletes and to cover other incidental costs. While we realize that we may have to do without the services of a number of young men who are primarily interested in athletic competition for the greatest amount of personal gain, we feel that there are other compensations to be obtained from this new policy. There are many young men of fine athletic ability who select an institution such as ours for the primary purpose of obtaining an education. It is our belief that this type of student will prefer to attend a school where the athletic program is well-balanced and where the athlete is accepted on the same basis as other students.

We further believe that there are many parents who are able and willing to send their sons to such a University and pay the full cost of receiving an education. In cases where the parents find it impossible to provide the full cost for educating their athletically-talented sons, we believe that these parents will help their sons to find other ways to complete their studies, just as the parents of non-athletes must do at present.

In making this decision, Montana State University is endeavoring to guide itself sensibly in the direction of making the best long-range contribution to the state. We solicit the

understanding and support of all friends of the University as we move through the trying years ahead in an attempt to re-organize on this new program, which we believe to be both educationally and fiscally sound.

H.K. Newburn, President
Earl Lory, Chairman
For the MSU Faculty Athletic Committee

The new athletic policy as determined by President Dr. Harry Newburn has made it impossible for the University of Montana to compete favorably in the Mountain States (Skyline) Conference or any other conference. The schools we compete with have considerably more money for athletic scholarships than the University of Montana. -- George Dahlberg, Athletic Director, University of Montana

Mountain States (Skyline) Conference officials comment on the University of Montana's new athletic policy:

Glenn R. Jacoby, Athletic Director - University of Wyoming

Jacoby said that he believed the new program at the University of Montana would be the "death knell of the Grizzlies".

H.B. Hunsaker, Athletic Director - Utah State University

Hunsaker said that he was "afraid that Montana will not be able to compete in the Skyline Conference under this program". He added that he did not believe any school could successfully compete against schools offering grants-in-aid to athletes under such a program.

Robert Davis, Athletic Director - Colorado State University

Bob Davis said he thought Montana believed it necessary to be "Realistic". He said that Montana had left the Pacific Coast Conference a few years ago because it could not stand the financial pace.

Pete McDonald, Athletic Director - University of New Mexico

Pete McDonald said that he was sorry to hear of the predicament that "had forced Montana's decision. Finances are a problem, they have our sympathy".

E.E. "Tad" Weiman, Athletic Director - Denver University

"Tad" Weiman said "it will be interesting to see how Montana fares under this program".

Denver has been reported to be considering dropping football from its intercollegiate program because of mounting costs. Denver University did drop football a year or two later.

Dr. William E. Morgan, President of Colorado State University

(Dr. Morgan is also President of the Skyline Conference. He said "The Conference would give the University of Montana's action in cutting back its athletic scholarships close scrutiny at the Councils meeting in late May". He further said, "Colorado State University would take action in agreement with whatever the Conference deemed best".

Dr. R.R. Renne, President Montana State College

Dr. Renne said, "I have no comment to make on the new athletic policy at the University".

Note: Homer Anderson (Co-Ski coach) made the following report for the 1960-1961 season.

The ski season was hampered by the lack of snow. Activities such as jumping, cross country were not possible because of the lack of snow.

Ski Meet participation:

Kimberly, Canada

Banff, Canada

Brighton, Utah

Middlebury, Mass.

We did not have a full team in any of these meets. Out competition was mostly on an individual basis.

Michael Buckley attended the N.C.A.A. championships at Middlebury, Mass. He placed sixth in the slalom and the downhill.

THE TERMINATION OF THE MOUNTAIN STATES (SKYLINE) CONFERENCE

The Mountain States (Skyline) Conference came to an end at the close of the 1961-1962 school year. The Conference had been in existence for 12 years.

The reason for ending the Conference was as follows:

The University of Wyoming, University of Utah, Brigham Young University and the University of New Mexico withdrew from the Conference leaving the remaining members of the Conference *high and dry*. These schools were Utah State University, Colorado State University, Denver University and the University of Montana.

The schools dropping out of the Mountain State Conference formed a new conference, Western Athletic, and added University of Arizona and Arizona State College. Later adding Colorado State University and Texas, El Paso.

The University of Montana then competed as all independent until the Big Sky Conference was formed for the 1963-1964 school year.

The following schools formed the Big Sky Conference:

- | | |
|-----------------------------|--------------------------|
| 1. University of Idaho | 4. Weber State College |
| 2. Idaho State University | 5. University of Montana |
| 3. Montana State University | 6. Gonzaga University |

Note: Gonzaga will not compete in football.

SCHEDULE - TRACK & FIELD 1964FEBRUARY 29, 1964

N.C.A.A. Western Regional Indoor Meet Portland, Ore.

2 Mile Run - Doug Brown (Montana) placed second - 8:51.8

Quotation from Coach Harry Adams' notes: "Doug was in 2nd row, lane 1 and behind Storey. Doug was boxed for 1-1/2 to 2 laps. He rushed into the lead at the start of the 3rd lap. Two other runners passed Doug but only stayed in front momentarily. Doug held the lead most of the time from the 3rd lap through the 21st. Murphy outkicked Doug the last 3/4 lap. Doug was spiked in the heel, stumbled and nearly fell at approximately 2/3 of the way. His heel and foot were bloody when he removed his shoe after the race."

School Annual--1966**"Douglas Brown Day"**

On this day Doug Brown was presented a certificate by the Chamber of Commerce and the University of Montana for his outstanding achievement in track and field. He was the 1st recipient of the Governor's Cup, an award to the outstanding athlete (college) in the State of Montana. It is to be an annual award.

A leader in the nation, Doug Brown, surely deserves recognition.

Brown, the 1965 NCAA Champion holds records in the 3 mile (13:29.0) and the 6 mile (27:59.2). His 6 mile time was the 3rd fastest ever run by an American. His picture appears on the cover of NCAA Track and Field Guide for 1966, the 1st Montanan to be so honored.

Doug's college career was climaxed at the graduation singing on the steps (SOS) when he was honored with the Sibley Award as outstanding man.

HARRY F. ADAMS FIELD HOUSE

Named and dedicated to Harry F. Adams who devoted 44 years service to the University, revered and honored as coach and friend.

Helms Athletic Foundation Track and Field recipient of the Hall of Fame Award 1961.

June 6, 1966

HARRY ADAMS RETIRES FROM THE UNIVERSITY

JUNE 1966

Note: The 1966 Annual Concerning Harry Adams:

In 1915 Harry Adams first played on the University of Montana football team. In the past half century Harry Adams has earned the respect of all Montanans for his coaching endeavors.

He entered World War I in 1917 and returned to school in 1919. While attending the University he had an outstanding athletic career in football, basketball, and track.

Following his graduation from the University in 1921, he became assistant coach in all sports here at the University, except for the school year of 1923-24 when he was head coach of all sports at DePaul University in Chicago and 1942-47 when he was in the U.S. Army (World War II). He was active in coaching football (asst. coach) and head coach in track until his retirement in 1966. Harry became head track coach in 1933.

Harry R. Adams will retire this spring (1966) but he will leave many memories. There

will be a proud history of fine athletes like Jack Emigh, Richard Doyle, Gary Wojtowick, and Douglas Brown. He will leave an inspiration to excel, whether on the field or on the campus, which he has instilled in the University.

Harry has coached three National Collegiate All-Americans--Jack Emigh (220), Richard Doyle (discus), and Douglas Brown (2 and 6 mile run). He served on the NCAA Track and Field rules committee, and in 1961 was named to the Helms Athletic Foundation Track and Field Hall of Fame.

In honor of the service and the ideals that Harry Adams left behind, the Montana Board of Regents saw fit to name the University of Montana Fieldhouse after this dedicated man. It was a fitting gesture that Adams' friends are going to climax his coaching career with a trip to the 1968 Olympic Games where, hopefully, one of his boys, Douglas Brown, will compete.

Note: Harry Adams became ill and could not attend the 1968 Olympic Games. Douglas Brown just missed qualifying for the Olympics.

Kaimin--April 23, 1966

Harley Lewis former Grizzly track man was chosen to succeed Harry Adams as the University track and field coach. Harley Lewis comes from the University of Portland where he has been head track and field coach.

Remarks on 1966-67 School Year:

Montana's performance in the Big Sky Athletic Conference could not be considered successful.

Although Montana did win first places in golf and swimming, we were almost a total failure in our two main sports, finishing 5th (last) in football and 6th (last) in basketball. This simply means that Montana must improve in the two major sports.

We did manage to finish second in cross country, tennis and track, which is better than average.

Montana placed third in wrestling, which was an improvement over previous years.

In baseball we finished last place along with football, basketball and skiing.

The University must find a way to improve in football and basketball.

Athletic Director and Head Football Coach: Jack Swartout

Since assuming the duties of both head football coach and athletic director at the University of Montana, Jack Swartout has put a drive into the school's athletic program which has not been seen in Missoula for several years. Its immediate results showed in the 7-3 football record in 1967--the best mark the school has had since 1937.

Swarthout came to Montana, where he played football (1940-42), from a high school position in Olympia, WA, where his football teams compiled a 50-14-2 record in seven seasons. Before that, he coached at Hoquiam, WA. For the next three years he was an assistant to Darrell Royal at the University of Washington. He then went to the University of Texas as assistant coach for Darrell Royal.

Jack Swarthout installed the Texas Y (wishbone) formation. This is a new offensive formation used by Darrell Royal of the University of Texas.

REMARKS ON THE 1968-69 SCHOOL YEAR:

Football: The University of Montana failed to improve over the 1967 season. We didn't win a conference game and only managed to win 2 non-conference games. We did have four outstanding players:

Herbert White	All Conference Defensive End
Robert Beers	All Conference Linebacker
Tuufuli Uperisa	All Conference Offensive Tackle
James Kelly	Associated Press All Conference Tight End

Basketball: Our basketball season was also unsatisfactory. We finished 5th in the conference standings. Bright spots for individual players Harold Ross--All Conference Guard, and Ronald Moore--2nd team All Conference Forward.

Track: Harley Lewis, track and field coach, continued to press Idaho State University for top honors in cross country and track. We finished 2nd in conference meets in both sports.

Baseball: Our baseball program was disastrous. We placed last in conference play and won only 2 of 12 games in conference competition. We won 7 and lost 16 in total games played. We failed to place a man on the All Conference 1st or 2nd teams.

Tennis: The tennis team placed 3rd in conference championships. Fred King won 1st place in the

No. 3 bracket. Brian Kekich and Steve Meloy were runners-up in their class. Our number 2 and 3 doubles teams placed 2nd in the conference.

Golf: Montana continued to dominate golf in the Big Sky Conference. We won the golf conference championship every year beginning in 1964. Our entire team finished among the first 11 in the conference championship matches. Richard Carpenter was the medalist in conference matches.

Skiing: Skiing was also successful for the University of Montana. We placed 2nd in conference competition.

Wrestling: Our wrestling team placed 4th in the conference wrestling matches. Thomas Cooper (152) and Douglas Robbins (160) were runners-up in their weight class in conference matches.

Swimming: Our swimming program was extremely successful. We placed 1st in the conference for the 4th straight year. Montana won 11 of 19 events in the conference swimming championships.

Kurt Von Tagen set new conference records in the 50 yard freestyle, 200 yard freestyle, and 1650 yard freestyle. He also won the 1000 yard freestyle.

Fred Poole won the 50 yard freestyle.

Jerry Homstad won the 100 yard butterfly and the 200 yard butterfly, setting a new conference record in the 100 yard butterfly.

Our relay team won the 400 yard and the 800 yard freestyle relays, setting new conference records in each event.

As of 1969, men hold 8 of the 9=19 Big Sky Conference swimming records.

1969-70 Summary of Each Varsity Sport

This was Jack Swarthout's 3rd year as head football coach. He completed a building program by winning the Big Sky Conference football championship. This is the first football program title for Montana in the Big Sky Conference.

Jack has been using the Texas Y (Wishbone) offense. This offense proved very successful.

Montana won 10 games on the regular season schedule and lost to North Dakota State College in the Camellia Bowl game at Sacramento, CA. This game represents the division title in the NCAA division bracket.

TUUFULI UPERESA (offensive tackle) was selected to the NCAA (College Division)-- 2nd team.

LARRY MILLER (defensive tackle) was selected to the NCAA (College Division)-- 3rd team.

KARL STEIN (defensive safety) and RAYMOND BRUM (quarterback) were selected as Honorable Mention in the NCAA College Division.

Varsity Basketball 1969-70

Robert Cope completed his second year as head coach. He and his assistant, Louis Rocheleau, were outstanding players on the Grizzly basketball teams of 1946-50. Cope still holds the University scoring records.

Montana won only eight games, while losing 18. They won five conference games and lost 10.

Coach Cope resigned at the close of the 1969-70 season, and Louis Rocheleau was selected to be head coach for the 1970-71 school year.

The one bright spot on this year's team was Dave Gustafson. He was selected as guard on the All Conference 1st Team. He led the Montana team in scoring with 506 points in 26 games for an average of 19.5 points per game.

In conference play (15 games), he scored 344 points for an average of 22.9 points per game.

DAVE GUSTAFSON proved to be one of the finest basketball players in University history.

CROSS COUNTRY AND TRACK & FIELD 1969-70

Montana completed a very successful cross country season by winning the conference championship for the first time since the Big Sky Conference was formed.

UM placed 2nd in the conference track & field championships.

Harley Lewis has been unusually successful as the track & field and cross country coach. The following men were conference champions:

Wade Jacobson	3 Mile Run	14:34.2
Roy Robinson	120 High Hurdles	14.0 (Conference Record)
Mark Doane	Shot Put	53' 1 3/4"
George Cook	Steeplechase	9:26.5

VARSITY BASEBALL 1970

Montana has been unable to finance a full-time baseball coach, therefore, student assistants have been doing the coaching.

Lemuel Elway (graduate assistant) coached the 1970 baseball team and did a credible job. Montana finished in a tie for 3rd place in the Big Sky Conference.

Robert Rutledge, a Montana outfielder, was selected to the Big Sky Conference 2nd team.

VARSITY TENNIS 1970

Jack McWhorter (graduate assistant) coached the tennis team. Montana placed 3rd in the conference meet.

In dual competition, Montana won five and lost two in the Big Sky Conference matches. In total dual matches, Montana won eight and lost three.

Our tennis team turned out to be more successful than expected.

VARSITY GOLF 1970

Montana placed 3rd in the Big Sky Conference Golf Championships. UM had won the conference golf championships the previous six years.

Montana did have one outstanding golfer. RICHARD CARPENTER was the low individual in the conference championships held in Moscow, ID.

Varsity Skiing 1970

Mathew “Rusty” Lyons (graduate assistant) coached the ski team. He did an outstanding job of bringing the first conference ski title to the University of Montana. Montana Big Sky Conference winners:

Gary Keltz	Cross Country
Tom Zachary	Downhill
Jan Wessel	Skimeister

Varsity Wrestling 1970

Joe Sullivan, graduate assistant, coached the wrestling team. Montana lacked experience wrestlers, but we did manage to place 4th in the conference meet.

LARRY MILLER, heavyweight, was the only Montana man to win a conference title.

Varsity Swimming 1969-70

Fred Stetson, varsity swimming coach, had his usual excellent team. Montana dominated the conference and won their 5th consecutive conference championship.

Montana is fortunate to have Fred Stetson as our swimming coach. He came here from Purdue University in 1962 and UM has been a power in swimming since that time.

The following men won conference titles in 1970:

Kurt Von Tagen:	500 yard freestyle	5:14.6
	200 yard freestyle	1:50.2 (record)
	400 yard butterfly	:53.0 (record)
David Garard:	50 yard freestyle	22.4
	200 yard butterfly	2:02.2 (record)
	100 yard butterfly	:53.0 (record)
	400 yard freestyle relay team member	3:19.5 (record)
Fred Poole:	100 yard freestyle	50.7
	400 yard freestyle relay team member	3:19.5 (record)
	800 yard freestyle relay team member	7:47.6
David Allen	1 meter diving	417.9 (record)
	3 meter diving	192.55
James Zaro:	400 yard freestyle relay team member	3:19.5 (record)
	800 yard freestyle relay team member	7:47.6
Craig Jorgenson:	800 yard freestyle relay team member	7:47.6
Jerry Homstad:	800 yard freestyle relay team member	7:47.6

NOTE: Jack Friel, the first Big Sky Conference Commissioner, coached basketball at Washington State University for 30 years (1928-58). He proved to be an excellent commissioner. Jack decided to retire at the close of the 1970 school year.

Varsity Football Summary for the 1970 Season

Coach Jack Swarhout and his staff received considerable praise for the excellent job of coaching Montana to its second consecutive undefeated regular season play. However, for the second straight year we lost the Camellia Bowl game to North Dakota State University. This year the score was 31 to 16. The University of Montana has been undefeated during regular season three times--1914, 1969, and 1970.

We had several exceptionally good football players:

Steve Okoniewski	Offensive Tackle
Arnie Blancas	Offensive Halfback
Larry Miller	Defensive Tackle
Karl Stein	Defensive Safety

Big Sky Conference Commissioner 1964-71

Jack Friel, the first Big Sky Conference Commissioner, resigned at the end of the 1971 School Year. Jack had been head basketball coach at Washington State University from 1928-1958. Jack had been a very successful basketball coach. He played for the National Collegiate Championship in 1941. Jack proved to be an excellent commissioner and helped considerably in getting the Big Sky Conference off to a good start.

Big Sky Conference New Commissioner

John Roning was selected to replace Jack Friel as of July 1, 1971. John is a graduate of the University of Minnesota. He was a member of Minnesota's National Champion football team. He coached football successfully at Gustavus Adolphus College, Utah State University, and Denver University. He was Athletic Director at South Dakota State University when he accepted the position as Big Sky Conference Commissioner. He undoubtedly will be a big asset to the Big Sky Conference.

1970-71 Football Summary

Montana won a 2nd consecutive Big Sky Conference football championship. We won the 10 games on the regular schedule, and once again lost the Camillo Bowl game to North Dakota State University. This game decided the NCAA (Division 2) Championship.

Jack Swarthout was selected as the Big Sky Conference football coach of the year for the second consecutive year. He used the Texas Y (Wishbone) offense, and it proved to be very successful for the 2nd consecutive year.

Players receiving National Recognition for 1970 were:

All American Academic Team:

Greg Maloney 2nd Team

NCAA College Division All American Team:

Lawrence "Larry" Miller 3rd Team Defensive Tackle

1970-71 Basketball Summary

The 1970-71 basketball season must be rated as unsuccessful. The team won 8 games while losing 18 games. In Big Sky Conference play, we won 5 games and lost 10.

Montana finished at the bottom of the Big Sky Conference.

This was the first year for Louis Rocheleau as head basketball coach. Montana should show improvement next year.

Robert Cope retired as head basketball coach in June of 1970.

Dave Gustafson, an outstanding guard, had graduated in 1970.

Ray Howard was the most consistent player in 1971.

1970-71 Track & Field Summary

Montana placed 3rd in the Big Sky Conference Meet in 1971.

Montana won 2 1st places in the Conference Meet. Barry Mortenson placed first in the 120 high hurdles with a time of 14.6. Mark Doane placed first in the shot put with a distance of 53' 3".

Harley Lewis completed another successful season considering the material available.

1970-71 Cross Country Summary

Montana won the 2nd consecutive Cross Country Championship of the Big Sky Conference.

Harley was selected as the Big Sky Conference Coach of the Year. Harley is continuing to do an outstanding coaching job.

Montana placed 3 men in the first ten finishers in the Big Sky Conference Meet:

George Cook 2nd

Wade Jacobson 3rd

Boyd Collins 8th

1970-71 Baseball Summary

Baseball is another sport where Montana had a dismal season, winning 10 games and losing 19 games. In Big Sky Conference games, we won 3 and lost 7.

Montana again had a graduate assistant as head coach. Montana cannot expect to do well in baseball until we employ a full-time coach and spend more money for athletic scholarships.

1970-71 Tennis Summary

Jack McWhorter, tennis coach, completed a very successful season for Montana. We won 12 matches and lost only 5. In conference competition, we won 6 matches and lost 2. We places 2nd in the Big Sky Conference Championships.

1970-71 Golf Summary

Montana had dominated the Conference since the start of the Big Sky Conference until 1970. We slipped to 3rd place during the 1971 season. Coach Jack Miller had lost some of his best players by graduation.

1970-71 Skiing Summary

Mathew "Rusty" Lyons, graduate assistant and head ski coach, has been doing an excellent coaching job by winning the Big Sky Conference the past 2 years.

1970-71 Wrestling Summary

Wrestling is another sport where we need a full-time coach instead of a graduate student. We had a disastrous season winning only 2 while losing 7 matches. In Big Sky Conference competition, we lost all 6 matches. In the Big Sky Conference Meet, we placed last with 0 points.

1970-71 Swimming Summary

Fred Stetson, Jr., Montana's swimming coach, continues to dominate the Big Sky Conference. This was the 6th straight year that Montana has won the Conference title. Coach Stetson is doing an outstanding job in having continuous success in developing first class swimmers.

Montana now holds nine of the fourteen Conference swimming records.

Coach Fred Stetson, Jr., was named Swimming Coach of the Year for the sixth consecutive season.

New Big Sky Conference Members

Boise State College and Northern Arizona University were admitted to the Big Sky Conference and began competing in all sports during the 1970-71 school year. With the admission of these 2 schools, the Big Sky Conference has been strengthened considerably.

Individual Football Records 1970

Jeffrey Hoffman made four touchdowns against Northern Arizona University. This ties the University record for touchdown and points made in a single game. Hoffman shares the record with Arnie Blancas, who accomplished the feat against Weber State College in 1970.

Dave Harrington punted 66 times for 2,596 yards giving him a place in the record book for most punts by an individual in a single season and most yards in a single season.

Jeffrey Hoffman ran his career rushing record to 1,345 yards in 1972 and moved in to 6th place on a career University of Montana Rushing List.

Glenn Welch, split end, is in fourth place in a single season listing with 386 yards in 1972. He moved into sixth place on the All-Time list with his career total of 514 yards pass receiving.

Tom Bodwell with 456 yards in pass receptions and seventh place on the All-Time list.

James Olson rushed for 220 yards against Idaho State University missing Les Kont's

single game record of 227 yards set against Portland State University in 1969.

Michael "Mick" Dennehy of Butte came within an interception of Karl Stein's University interception record. Dennehy had ten interceptions and Stein had eleven.

Ed Van Troxel, a freshman quarterback, threatened the single game pass completion mark of 16 when he connected with 15 tosses against the University of Idaho.

TEAM RECORD: Montana's lone team record was in the number of punts in one season. The 1972 team punted 67 times. The old record of 66 was set in 1966.

The Big Sky Conference Presidents approved aid cutback. Allowable Athletic Scholarships were cut form 110 to 103. The allowable for each sport follows:

Football

65

	985
Basketball	20
Track	6
Baseball	5
Swimming	3
Wrestling	3
Tennis	1
Golf	1
Skiing	1

NOTE: Each institution will have the prerogative of shifting no more than two of the minor sports scholarships.

In February of 1971, the Central Board approved \$173,000 student funds for the Athletic Department. In May of 1971, the Student Referendum was cut \$27,000 from the Student Funds, leaving \$146,000 for the Athletic Department. The Board and Room increased costs to the Athletic Department \$13,000. George Mitchell, the University Vice President, stated that the Athletic Department budget for the 1971-1972 school year would be \$551,787.00.

The Missoulian--January 13, 1972

The University of Montana student poll relative to University Athletics:

3,071 students voted for decreased funding for Athletics.

2,990 students voted favoring increased funding for Athletics.

1,177 students voted for increased funding.

1,863 students voted for continuation at the present level.

596 students had no opinion on the matter.

3,567 students voted to change in the near future from the mandatory fee for football and basketball to the financing of these sports by charging only those students who attend games.

"If it suits our purpose to go by the results of the poll, we will go by the results of the poll," Leroy Breva, Central Board Delegate was quoted as saying after the count. "If it does not suit our purpose, we can always find a reason to go some way other than the poll."

More on Football Players graduating in June 1972:

Steve Okoniewski was drafted by the Atlanta Falcons in the National Professional Football Conference. He received a \$23,000 bonus and a contract for \$19,500 per year.

Steve was a regular guard on the College Coaches All-American team. He played during the late summer of 1972. He was also a starting guard on the College All-Star team which plays the Champion Professional Football Team each fall.

Steve remained with Atlanta until the final cut. The Buffalo Bill (National League Team) secured Steve on waivers and he is with them now (1972).

In 1975, Steve played with the Green Bay Packers.

Willie Postler has been a guard on the University football team for the past three years. He is now playing center for the Vancouver Lions in the National Canadian Football Conference. He received a \$5,000 bonus and a salary of \$12,000 per year.

Tuufuli Uperesa (1969 team) played with the Philadelphia Eagles in the National Football

League. He is now playing with the Hamilton Lions in the Canadian National Conference.

Roy Robinson (1969 team) is now playing with the Saskatchewan team which is a member of the Canadian National Conference.

SEASON SUMMARIES

Football Summary:

Montana won 6 games and lost 5. In Conference play, Montana won 3 games and lost 2. Following the past two Championship teams, Montana finished 3rd in Conference play. Montana had lost a majority of the 1970 team to graduation.

Basketball Summary:

Basketball proved to be an average season--winning 14 games and losing 12. Conference play resulted in 7 wins and 7 losses, and placing in a tie for 3rd.

George "Jud" Heathcoate replaced Lou Rocheleau as coach. "Jud" recruited several good freshman and so Montana is looking forward to a championship team in the years to come.

Track & Field Summary:

Montana won the Conference Championship for the first time. Harley Lewis developed a well balanced team. Montana had 4 1st place winners and placed high in many events. University Records were recorded by:

1. Richard Brown 440 Yard Dash 47.3
2. Michael Hale High Jump 6'9"
3. Craig Stiles Javelin 255'10"
4. George Cook Steeplechase 8:47.0

Cross Country Summary:

Harley Lewis has developed a strong Cross Country team. Montana won all 5 dual meets and tied for 1st in the Big Sky Conference Meet. Montana has won the Cross Country Conference title for the past 3 years.

Baseball Summary:

Montana is still using Graduate Assistants to coach the Baseball team. Scholarships are few, and there is very little interest by the students and the public. The record of 12 wins and 18 losses is a poor one. Montana lost all 12 Conference games.

Tennis Summary:

The tennis team won 8 matches and lost 7. In Conference Dual Matches, Montana won 2 and lost 2. Dirk Miller played for the Conference Singles title and placed 2nd.

Golf Summary:

Montana was about average this year. We placed 4th in varsity competition at the Conference Meet.

Skiing Summary:

Montana continued to dominate the Big Sky Conference in skiing, winning the Conference Championship for the 3rd consecutive year. In Conference competition, the following men won their event:

1. Larry Kite Slalom
2. Alan Anderson Jumping

Wrestling Summary:

Montana made no attempt to have a wrestling team which would be competitive in Conference competition. Only 3 men wrestled competitively. Larry Miller was defeated for the Heavyweight title.

Swimming Summary:

Montana won the Big Sky Conference Swim Title for the 7th consecutive year. Coach Fred Stetson has been exceptionally successful as Montana's swim coach. Montana holds 8 of the 19 Conference swim records.

INTERCOLLEGIATE ATHLETICS AT U OF M IN TROUBLE

Billings--July 20, 1972

Five University of Montana officials, including George L. Mitchell, Administrative Vice-President, and Jack Swarthout, Athletic Director and Head Football Coach, were indicted by a Federal Grand Jury here for conspiring to illegally use Federal Funds to aid student athletics, it was announced on Wednesday.

Otis L. Packwood, United States Attorney in Montana, said an indictment was returned in the United States District Court charging George Mitchell with 39 counts, Jack Swarthout with 52 counts, Earl Martel (Business Manager) with 58 counts, and also charging Assistant Coaches, Jack Elway and William Betcher.

The five indicted were also accused by the Federal Grand Jury of making false statements to the government.

The 32 count indictment charges that funds designated by the Department of Health, Education, and Welfare (H.E.W.) for student financial aid programs were converted by the

defendants for use by the University Athletic Department.

Packwood said the University received 4.1 million dollars in Federal funds between 1965 and 1972, with only \$431,516.00 of the money going to students in the Athletic Department. He said only \$203,704.00 was retained by those students, and the balance of \$227,812.00 was deposited into the Athletic Department account.

According to the indictment, the five falsified work records and job description forms and fraudulently negotiated checks from aid funds made available to the University.

All defendants are charged in the first count with conspiring, from January 1967 to April 1972, to defraud the United States Government.

The indictments listed 23 students for whom work records were allegedly falsified.

Menior, University bookkeeper, claimed that work study money, which is 80% Federally funded, has been paid to Athletes for fictitious jobs.

Those named as co-conspirators but not indicted are:

Calvin Murphy (age 48) University of Montana Business Manager
 Harley Lewis (age 30) Grizzly Track Coach
 George "Jud" Heathcoate (age 45) Grizzly Basketball Coach

August 7, 1972

All 5 men indicted pleaded innocent. The court case will be held later. Charles "Timer" Moses, former Grizzly basketball player from 1947-1949, is the lawyer representing Jack Swarthout.

September 21, 1972

Robert Pantzer, University President, okayed the Central Board request to cut the Athletic Budget another \$41,930.00. Students are to pay \$1.00 for admission to all football and basketball games .

President Pantzer has approved every demand made by the students.

The Athletic Department will be hampered considerably by the cuts that already have been made.

The Faculty Senate Opinion on Varsity Athletics

An interim report reviewing all campus sport activities was presented to the University Faculty Senate by Robert Wanback (Head of the Forestry School), and chairman of the Senate's Ad Hoc Sports Policy Committee.

The report showed an imbalance in funding of sports-related programs on campus. It listed the number of participants in the different programs and the total funding of each.

Funding for the Men's Intercollegiate Athletic Program is \$592,000 for 220 participants, of about \$2,690 per participant.

The Men's Intramural Program receives \$16,500, or about \$5.00 for each of the 3,500 participants.

A \$10,000 funding for the 78 women intercollegiate participants averages \$128.00 per participant, while the Women's Intramural Program receives \$4,300, or about \$17.00 for each of the 250 participants.

Wanback said the committee will continue to study the athletic situation. The Committee's report recommended a Faculty Senate debate to be held concerning a student suggestion that Football and Basketball be put on a self-supporting basis.

“President Robert Pantzer allows student Athletic Budget cut”

1971-72 Students contributed \$147,000 to Athletics.

1972-73 Students contributed \$105,070 to Athletics.

The cut was \$41,930, which is 28.6% of the budget.

HANDBALL

“The University of Montana wins the NCAA (National Collegiate Athletic Association) Handball Championship for 1972-73”

Knoxville, Tennessee

The University of Montana Handball team won the NCAA Championship. Leading the University of Montana team was National Singles Champion, William “Bill” Peoples, of Butte, Montana. Peoples defeated Jeff Barnes of the University of Texas (21-13), (21-10) and (21-18).

Tom Zderick, also of Butte, took 4th place in the B singles.

More on the Federal Indictment of Football CoachesApril 1973

Jack Swarthout and William Betcher were found innocent of all charges that they conspired to misuse Federal Work-Study funds.

The two men were accused of one charge of conspiracy and 17 others of falsifying records.

Charles F. “Timer” Moses, former Grizzly Basketball player, defended Swarthout and Betcher.

Swimming Summary 1973

The University of Montana has dominated the Big Sky Conference by winning the Conference Championship for the past eight years. Fred Stetson has done an excellent job of recruiting and coaching since he came to the University.

David Garard was our outstanding swimmer again this past year. At the Big Sky Conference Championships, he won the 50-100-200 freestyle races. He also anchored the conference winning 400 and 800 freestyle relay races. He set a new conference record in the 50 yard freestyle with 21.71.

Football Summary 1972

The football team won 3 games and lost 8. This was the year that Jack Swarthout along with others was indicted for using Federal Funds (Work Study) for athletic purposes. He was acquitted in Federal court. However, I believe the publicity, etc., had an effect upon football players as well as the coaching staff.

Jack's win-loss record is very good. His teams were undefeated for two consecutive years in conference and regular season competition. The football program will improve in years to come.

Basketball Summary 1972-73

Coach "Jud" Heathcote has completed his 2nd year here at Montana. This is the first year that he has players which he recruited. The better players are sophomores, so it looks as though Montana will be strong contenders to win the Big Sky Conference Championship in years to come.

Cross Country Summary 1972

Harley Lewis developed another first class Cross Country team. This is the 4th consecutive year that Montana has won or tied for the Big Sky Conference Championship. The team placed 19th at the NCAA Cross Country Championships in Houston, Texas. 27 teams competed in the NCAA Championships. Our best man, Douglas Darko, placed 32nd. Harley Lewis received the 1972 Big Sky Conference Cross Country Coach of the Year Award.

Track & Field Summary 1972-73

Montana completed another successful Track & Field season. Montana placed 2nd in the Big Sky Conference Meet. We placed first in three events, but with a well balanced team, we placed in every event except the 100 Yard Dash.

Baseball Summary 1973

Central Board cut the amount of money from the athletic budget. Jack Swarthout felt that he was forced to drop baseball as a University sport because baseball proved to be a large financial loss.

Tennis Summary 1973

Montana enjoyed a successful season. Montana won eleven matches and lost six. We placed third in the Conference Championships.

Golf Summary 1973

Montana had an average season. We placed third in the Conference Championships. Montana has slipped in golf prestige. We won the Big Sky Conference Championship the first six years of conference play.

Skiing Summary 1973

Montana continues to dominate skiing in the Big Sky Conference. We have won the conference championship for the past four years. Coach Mathew "Rusty" Lyons, a graduate assistant student has done an excellent job of recruiting and coaching. He won the 1973 Ski Coach of the Year Award.

Wrestling Summary 1973

The athletic department has not had the finances to employ a full-time coach for wrestling. Therefore, there is very little interest in the sport. We could not field a competitive team this past year. John Buxton was our only wrestler to place in the Big Sky Conference. John won the Big Sky Conference Championship in the 190# division.

Gene Carlson, Great Falls High Football Coach, has been hired as Offensive Football Coach (Backfield) for the Grizzly Football Team. Carlson, who has been Head Football Coach at Great Falls for fifteen years, also will serve as Executive Secretary of Century Club, a booster of University Athletics.

A native of Great Falls, Carlson is a 1954 graduate of the University of Montana where he earned three football letters and three baseball letters. He has a degree in Health and Physical Education from the University of Montana and a Masters degree in Public Administration from George Washington University in Washington, D.C.

Great Falls captured five state titles and placed second four times during Carlson's tenure as Head Football Coach. He is a five-time selection as Class AA Coach of the Year. In compiling a 108-32-8 record, he guided the Bison to unbeaten seasons in 1965 and 1969.

Century Club is providing funds for the new position.

Big Sky Conference Resolution

The Big Sky Conference will reduce the number of sports on which Conference Championships are decided from 10 to 5 following action at the Spring Conference Meeting in Ogden, Utah.

Presidents of the eight Conference schools cited financial pressures in athletic programs for the cutback.

Within the next five years, members of the Conference must compete in Football, Basketball, Cross Country, Track & Field, and Wrestling.

Gonzaga University, which is exempt by League Charter from football participation, will remain as such.

AWARDS

The C.R. Dragstedt Award, given to the Most Valuable Player, was awarded to Kenneth McKenzie of Port Coquitlan, B.C.

The John Eaheart Memorial Award, given to the Best Defensive Player, was awarded to Robin Selvig of Outlook, Montana.

The Naseby Rhinehart Award, given to the Most Inspirational Team Member, was awarded to Eric Hays of Junction City, Oregon.

SEASON SUMMARY

Montana enjoyed a very successful basketball season. We tied for the Big Sky Conference Championship with Idaho State University. The playoff game was played in Missoula and Idaho State University won 60-57.

Coach "Jud" Heathcote and his assistant Jim Brandenburg have been doing an excellent job of bringing Montana basketball to a top contender each year in the Big Sky Conference.

The majority of this year's players will return for the 1974-75 season, and so we believe that we have an excellent opportunity to win the Conference Championship in the 1974-75

season.

SEASON SUMMARIES 1973-1974

Football: The football season must be considered as unsuccessful from a winning standpoint. Montana won 4 games and lost 6. In Big Sky Conference competition, Montana won 2 games and lost 3.

Freshmen were eligible for varsity competition; therefore, no freshmen awards were given this year.

Basketball: Coach “Jud” Heathcote continued to develop an outstanding basketball team. A season of 19 wins and 8 losses must be considered very successful considering the fact that Montana tied for the Conference championship. Montana lost the playoff game by only 3 points.

Kenneth McKenzie was selected as center on the Big Sky All-Conference 1st team. Eric Hayes and Robin Selvig were selected for the All-Conference 2nd team.

Montana has most of this year’s team returning next year. We are hoping to win the Big Sky Conference title next year.

Cross Country: Injuries to 2 of Montana’s best runners, Douglas Darko and Hans Templeman, weverely handicapped Coach Harley Lewis and his Cross Country team. Montana placed 5th in the Conference Meet.

Trique Hestagen was the only Montana man to win a race in the Big Sky Conference Championships. He placed 1st in the Cross Country Race.

Track & Field: Montana had an average year in Track & Field. Douglas Darko was the only man to win an event in the Big Sky Conference Meet, winning the steeplechase.

Baseball: Montana did not field a baseball team this year. The forced curtailment of expenses in Intercollegiate Athletics forced the Athletic Director to drop baseball as a University sport. Financially, baseball was practically a total loss.

Tennis: The tennis season was unsuccessful. Montana won 3 matches and lost 16. Montana placed 4th in the Big Sky Conference Championships.

Mike Hallowell was the only Montana man to score in the Conference Championships. He reached the finals but lost to a Boise State University man for the #1 Singles title.

Golf: Montana enjoyed a successful season. We placed 2nd in the Big Sky Conference Championships.

Five of our men placed in the first 10 in conference competition. George Mahoney placed in a tie for 3rd place, which was the highest of any Montana man.

Skiing: The season must be considered unsuccessful. In the Big Sky Conference Championships, Montana placed 4th with only 5 schools entering.

Swimming: Under the guidance of Coach Fred Stetson, Montana continued to dominate the Big Sky Conference. Montana won the Big Sky Conference title for the 9th consecutive year.

In the Big Sky Conference Meet, Montana men won 10 of the 18 events. Montana men now hold Big Sky Conference records in 9 of 18 events.

THE KAIMIN- September 25, 1974

Despite a \$100,000 deficit in the University of Montana athletic budget, there will be no mandatory student athletic fee imposed on the University of Montana students and no immediate cutback in either major or minor sports.

University of Montana President, Richard Bowers, announced in July that he would not ask the Board of Regents for a fee originally proposed by Robert Pantzer whom Bowers succeeded July 1, 1974.

Pantzer had requested authorization from the Board of Regents for a \$6.00 per quarter athletic fee in addition to the regular activity fee to help compensate for a deficit created when Central Board voted last spring not to fund men's intercollegiate athletics.

The deficit, Bowers said, will be made up by charging higher student admission fees at athletic events and cutting athletic spending. He also said he is prepared to divert some money from the general funds, if necessary.

FACULTY-STAFF PUBLICATION-November 6, 1974

Among the changes in the University's administrative structures, as proposed by President Richard C. Bowers and approved by the Board of Regents Friday, is that the Director of Athletics and the Football Coach will longer be the same person and the director will report directly to the President.

Jack Swarthout now holds the combined position but will become football coach only. Bowers said that he will begin a national search for someone to fill the Athletic Director position.

"It will be my intent to seek an individual who shares my concern about the future of intercollegiate Athletics and who will be committed to working for the reduction of costs of intercollegiate athletics on a national basis," he said.

Season Summary of Jack Swarthout-December 1, 1974

"Twenty seconds and a field goal kept the University of Montana from having a winning season in 1974. The Grizzlies ended their season with 3 wins, 6 losses, and 1 tie.

They lost to Las Vegas-Nevada with a pass in the last 5 seconds, and then lost to Idaho State University with a pass in the last 15 seconds.

They started the season with an unexpected loss to Simon-Fraser, and they lost to South Dakota University in the last half.

After the loss to University of Las Vegas, they won their first two conference games with Weber State College and Northern Arizona University and tied with the University of Idaho 35-35. They beat Portland State, then lost the key conference game to Montana State University Bobcats.

In the Idaho State game on November 9th, both teams scored in the last 2 minutes with ISU winning in the last second with a pass.

The University of Montana took 11 or 12 freshmen on each trip, and they had several exciting sophomores. With a good year in recruiting, they expect to be competing for the Conference title in 1975."

THE KAIMIN-February 5, 1975

After returning from the NCAA national meeting, President Richard C. Bowers said that he planned to continue the overall athletic budget at about \$700,000 which allows 60 football scholarships, 5 fewer than the Conference maximum.

He explained that about half of the \$700,000 would come from ticket sales and private contributions (mainly from the Century Club), and the rest from the University general fund.

Dr. Bowers, after assuming the presidency last summer, decided that the positions of Athletic Director and Football Coach should be separated. Jack Swarthout decided to be Football Coach.

The University is no looking for an Athletic Director.

Presidents of the Big Sky Conference ruled the following sports be considered Conference sports beginning in the 1974-1975 school year: football, basketball, track & field, cross country, and wrestling.

The following sports have been dropped from conference competition: baseball, tennis, golf, skiing, and swimming.

THE KAIMIN-February 21, 1975

"The University of Montana Athletic Department faces a grim financial situation," Athletic Director Jack Swarthout said yesterday.

He said financial problems are not unique to the University of Montana. In fact, athletic departments at colleges and universities throughout the United States face a similar grim dilemma.

Central Board allocation of funds for Intercollegiate Athletics at the University of Montana follow:

1968-69	\$140,098
1969-70	\$157,269
1970-71	\$166,387
1971-72	
1972-73	\$105,070
1973-74	\$95,000
1974-75	\$0

"Students now pay \$3.00 to attend football games and \$2.00 for basketball games.

The University Athletic Department will not ask Central Board for funds for men's intercollegiate athletics this spring," Swarthout said.

"The only school in our conference that almost makes it is Boise State University which gets 30% of its income from gate receipts," he said. "They have a bigger city, a bigger stadium, and more students. Their students contribute \$36.00 per year to athletics while our students contribute nothing."

Swarthout said that the students at the University of Idaho also pay \$36.00 a year, while Idaho State University students pay \$39.00 per year.

Swarthout gave several reasons for the University of Montana gate receipts being low:

1. Dornblaser field is relatively a small stadium seating only 12,000 spectators.
2. Because of their contributions to the Athletic Department, Century Club members buy game tickets at reduced prices.

Swarthout said athletic salaries account for about 1/5 of the athletic budget (\$150,000 out

of \$700,000) while the nationwide average is 1/3 to 3/5. The reason for the higher percentages nationwide is the increase in recruiting and specialization, which has not happened at the University of Montana .

Swarthout said that he is asking only about thirty high school football players to come to the University of Montana next year.

Recruiting and travel take about half the coaches time, which corresponds to the national figure. Recruiting takes about \$30,000 and travel \$70,000 or 1/7 of the total budget.

Earl Martell, Business Manager, said the department spent about \$32,000 to date (February 1975) on home football games, for an average of \$8,000 per game. He itemized the total season expenses as follows:

1. Guarantee expense payments with other teams	\$14,000
2. Payments to five officials each game	\$3,988
3. Physical Plant charges for cleaning, parking, etc.	\$4,795
4. Ticket Printing	\$2,350
5. Pep Band Payments	\$920
6. Police Patrol required by law	\$940
7. Ticket Staff	\$392
8. IMS Public Address System technician	\$160
9. Advertising and Publicity	\$1,621
10. Program meal for team, plus oranges, soft drinks, etc.	\$1,150
11. Bus from fieldhouse to Dornblazer field	\$296
12. Miscellaneous expenses	\$226

Earl Martell also estimated the total cost for the basketball season at \$24,000 total to \$1,870 per game.

NOTE: On June 1, 1975, Jack Swartout resigned as Athletic Director to devote full-time to Varsity Football.

On June 1, 1975, Track Coach Harley Lewis was appointed acting Athletic Director.

On April 14, 1976, Harley Lewis was appointed Athletic Director by President Richard Bowers. Lewis will continue to coach Track and Cross Country.

Season Summary

Montana enjoyed one of the most successful basketball seasons in history. The only Montana team to win more games was the 1949-50 team which won 29 games and lost 4. However, Montana did not belong to a conference at that time.

Montana won the Big Sky Conference Championship for the first time. This is the first Conference Basketball Championship that a Montana team has ever won.

Montana was a member of the Pacific Coast Conference from 1923-32 in basketball competition. We were dropped from the Pacific Coast Conference Basketball Schedule at the close of the 1932 season. However, we were reinstated for one year only, the 1937-38 season.

Montana joined the Mountain States Conference (Skyline) in 1950. We dropped out of this conference in 1961 to join the Big Sky Conference in 1963-64.

By winning the Big Sky Conference Championship in the 1974-75 season, Montana qualified to play in the NCAA Championship playoffs. Montana defeated Utah State University

to reach the semi-finals Western Division Playoff held at Portland, Oregon.

Montana played UCLA (National Champions) and we almost upset them. The score was UCLA (67) Montana (64). It was a great game which was not decided until the last few seconds.

Coach George "Jud" Heathcote is responsible for this most successful season. He has proven to be an excellent basketball coach. He has a complete knowledge of basketball and is a strict disciplinarian as well as a very good recruiter.

This has been Coach Heathcote's first coaching position as a head coach of a university team. His previous experience was coaching high school in Spokane, Washington, and freshman basketball at Washington State University.

Coach "Jud" Heathcote left Montana to coach at Michigan State University where he won the NCAA Basketball Championship in 1979.

Varsity Football Summary 1975 Season

The University of Montana had an average year in the 1975 football season. Montana won three conference games and lost 3 conference games. Total games record was six wins and four losses. Montana only had one man on the Big Sky Conference first team as chosen by all conference coaches. Gregory Anderson was chosen as an all conference defensive halfback.

Jack Swarthout resigned as football coach at the close of the 1975 season. He chose to return to high school teaching and coaching at Capital High, Olympia, Washington.

Eugene Carlson, assistant football coach, was named acting head football coach for the 1976 season.

Kaimin, December 5, 1975:

Gregory Anderson - 5-9 ½ - 170 lb. Junior defensive back was an honorable mention All-American nominee of the Associated Press. He was a two-time All Big Sky Conference performer and led the nation in kick-off and punt returns as a sophomore. In three years he has recorded seven long distance touchdowns of 61, 67, 94, 77, 94, and 52 yards. He is a junior. (Greg Anderson was selected on the All-American Division II First Team as a defensive back.)

Kaimin, December 5, 1975:

Del Spear is the All-Time Touchdown Leader - Halfback Del Spear, a junior, became the University of Montana's all-time leader for touchdowns scored. He tallied 19 career touchdowns to eclipse Dick Imer's 17 career touchdowns. Spear, 5-10, 175, scored four touchdowns as a freshman, ten touchdowns in 1974, and five times in 1975. His home is Cheney, Washington.

June 15, 1976

Jack Swarthout, 56, has resigned as head football coach at the University of Montana. Swarthout was the winningest football coach in the University's history with a nine year record of 51 wins, 41 losses and one tie. He won two consecutive Big Sky Football Championships (1969 and 1970). Swarthout said that he has "reached the age where I need a softer pace."

May 1976

Jack Swartout was selected to coach football and teach at Capital High School, Olympia, Washington. He had previously coached at Hoquiam High School, Washington—Ass't at University of Washington--Ass't at University of Texas—Olympia High School, Washington—University of Montana.

Gene Carlson, Ass't Football Coach, was selected to be head football coach beginning the 1976 football season.

Big Sky Conference Football Records held by Montana Individual Players and Montana Team:

These records through 1975 are listed under Conference Records through the year 1975.
No Montana team or individual records were set during the 1976 season.

The 1976 football season opened with Eugene Carlson as the new head football coach. Carlson inherited the coaching staff of the preceding administration (Jack Swarthout), as well as the offensive system (Wishbone or Texas Y). However, Gene made some changes in the offense formation. These changes were slow in developing because the team had used the wishbone for the past several years.

Montana won three conference games and lost three. The total season record was four wins and six losses. Montana could have had a better record with a little good luck. We lost six games with the point spread being from one to four points.

Season Summary

Lee Johnson declared ineligible by the NCAA and Big Sky Conference.

The University of Montana was ordered by the Big Sky Conference to forfeit all basketball games in which 6'0", Center, Lee Johnson played this season.

The forfeitures were ordered for a violation of Academic Rules. Johnson was declared ineligible for the balance of this season and next season.

Montana will also be ineligible to participate in the Big Sky Conference Basketball Championship playoffs this year and will not share in the proceeds from the NCAA basketball playoffs.

John Roning, Big Sky Conference Commissioner, said the penalty was handed down on a unanimous decision by the Big Sky Faculty-Athletic representatives after a telephone call to the representatives.

Roning termed the penalty "a serve one" but said Conference officials feared if they did not impose strict sanctions the Big Sky Conference may lose its automatic berth in the NCAA playoffs.

Montana will be required to forfeit 11 non-conference games and 4 Conference games the Grizzlies played while Johnson was in the Lineup.

John Roning said two NCAA rules were violated by both Montana and Johnson, who dropped out of an Omaha, Nebraska high school at the end of his Junior year and went to New Mexico Military Institute, where he took a General Education Development (GED) test in 1975.

John Roning said - Johnson had not been graduated from high school and took the GED for college admission earlier than NCAA regulations, which were in effect at that time, stated that he could. He said Johnson had taken the test within one year of the time his high school class graduated.

NCAA regulations in effect at the time Johnson took the test specified that the GED must be taken at least one year after the candidated high school class graduated.

Roning said Johnson also enrolled at Montana and accepted NCAA Scholarship before his transcript had arrived at the University.

The Conference Commissioner said both instances were a violation of NCAA regulations, which were recognized by the Big Sky Conference. He said the loss of funds from the NCAA playoffs would cost Montana between \$1,000 and \$7,000, depending upon how far the Big Sky Conference team advances in the playoffs.

Note: Lee Johnson dropped out of school following the rulings, by NCAA and Big Sky Conference.

STEVE CARLSON MOST VALUABLE PLAYER AWARD

Donated by Ann and Tony Carlson in memory of Steve 1977

January, 1977

Eugene Carlson was recently named Head Football Coach at the University of Montana. Carlson served as acting Head Football Coach during the 1976 season, replacing Jack Swarthout who resigned June 14, 1976.

In 1976 Gene Carlson inherited Jack Swarthout's assistants. When Carlson was selected as head coach, he decided to employ his own staff. Therefore, the following assistants resigned as of Feb. 1, 1977:

Defensive Line Coach: John Smith

Offensive Line Coach: William Betcher

Offensive Backfield Coach: Walter Gaskins

Coach Carlson replaced the above men with the following:

Dave Nickel - Offensive Line Coach

8 years assistant at Boise State University

Gary Ekegren - Defensive Line Coach

Head Football Coach at Missoula Sentinel High School

Pat Dolan - Defensive Backfield Coach

Libby High School Football Coach

SEASON SUMMARY 1977-78

The 1977-78 basketball season proved to be another very successful year. The team won 20 games and lost 8, which is only the third time in the University history that a Montana team won 20 or more games. The 1949-50 team won 29 games and lost 4. The 1974-75 team won 21 games and lost 8.

Coach Brandenburg did an excellent coaching job. The team won the Big Sky Conference title but lost Weber State College in the playoff to determine which team would represent the Big Sky Conference in the NCAA playoff.

Michael Ray Richardson was the outstanding player on the team being selected on the All-Conference Team with a unanimous vote by the coaches. He also set four University of Montana School Records:

Most Career Points (4 Years)	1827
Most Career Assists (4 Years)	371
Most Assists One Season	117
Most Points (Game Average)	24.2 (1977-78)

The students and local residents supported the team with tremendous enthusiasm. The total attendance for fifteen games was 118,948, which led the Conference in attendance. The average game attendance was 7,929.

It was truly a great year for Montana Basketball.

1979 - 1980 SCHOOL YEAR (continued)

I began keeping records of the Men's Athletic teams here at the University of Montana where I arrived on the campus as head basketball coach and assistant football coach. The year was 1937.

In order to obtain information previous to 1937 I did research from the Missoulian, the

Kaimin, and the University Annuals.

I am now 92 years old and I believe that it is time a younger person to continue keeping the historical records of the University of Montana Men's Athletic teams.

George P. "Jiggs" Dahlberg.
